Year follows year. The earth wings on its way around the sun, itself revolving 'round some far-off moving center within the cosmic sphere. The past is passed and leaves a path of nothingness.

DR. CHARLES McKENNY

## DR. CHARLES McKENNY 1860—1933

As an administrator, Charles McKenny stood in the front rank among presidents of teachers' colleges throughout the United States. His work in this field was characterized by breadth of vision and courage to attack the larger problems concerned with the destinies of the institutions over which he presided. He manifested the qualities of true leadership inasmuch as he had the rare faculty of stimulating all those who worked with him to put forth their best efforts in the duties assigned to them.

He was a man of versatile mind and a scholar of broad learning and varied interests. Besides keeping abreast of the times in everything pertaining to his profession he read widely and wrote convincingly on many social, political and cultural subjects. He was a great lover of nature and a walk with him over the country side was a rare privilege. Few could surpass him in knowledge of the fauna and flora of the country. He was a poet at heart and his love of nature was expressed in verse of recognized merit.

As a public speaker President McKenny was known and appreciated in every state in the union. His strong and pleasing voice, his commanding stage presence and his simple yet clear and logical mode of expression made it a delight to listen to him. His public addresses were always prepared with care, nicely timed, and effectively terminated. These are qualities of true oratory. While truly religious and recognizing fully the importance of religion in human life he was liberal in his views and unusually free from prejudice and dogmatism.

But one ventures to predict that it is in the field of friendship that Charles McKenny will longest be remembered. He was a friend to everyone and therefore everyone was his friend. He loved people and had the unusual ability of adjusting himself easily to any company in which he found himself. In the presence of the dignified and serious none could be more serious and dignified than he, and a mong youth and gayety none were more youthful or joyous. Years rested lightly upon him and he lived his life to the full.

His wise counsel and his sympathetic and kindly encouragement have helped many travellers over the rough places in life's pathway and many are able to live stronger, richer and happier lives for having known him.

## ALICE BOARDMAN

Born, Brooklyn, New York, 1866
Graduate, Mt. Holyoke, 1888
Sloyd Training School, Boston, 1898
Teacher in Hampton Normal and Agricultural
Institute, Virginia, 1890-1900
Teacher in Industrial Arts, Michigan
State Normal College, 1901-1933
Died, August 15, 1933

Miss Boardman was the first teacher of our industrial arts department which was opened in 1901. Her work, then new in the state, was early recognized as of superior merit. The attributes of a good teacher and organizer were hers—simplicity, directness, clarity of presentation, and sympathetic understanding of students. To these qualities she added originality and enthusiasm, features that gave sparkle to all she did.

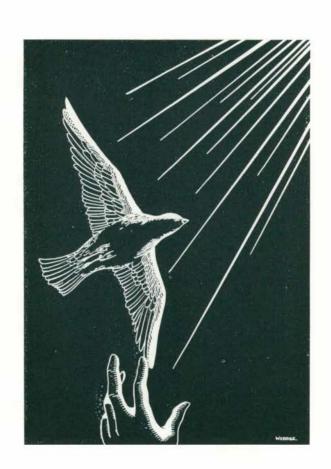

Her cardinal characteristic was her forthright honesty. She saw the issues of life simply and responded directly and without duplicity. She never vacillated in her opinion, and yet she proved herself capable of fine co-operation. There was a sturdiness in her that suggested her New England rearing; but there was also a sympathy that grew out of tender understanding. Her childlike love of nature, her ready wit, and good humor made her a most human and companionable woman.

Her devotion to her family and to the institution in which she worked was in line with her loyalty to her principles. And the way in which she met the vicissitudes of life, and went on doing her part, was heroic. Dignity, pride, fortitude—these are the inheritances she leaves us.

The thoughts of friendship are profound, complex thoughts, analyzing, synthesizing, compelling. We admire Alice Boardman and would learn of her to be first of all, ourselves, single in purpose, simple in our pleasures, true to our convictions, brave to meet both life and death.

The Women's League is a member of the Intercollegiate Association of Women Students and each year it sends a delegate to its conference. Last spring the president attended the Sixth Biennial Conference at Cornell University, Ithaca, New York. This year the conference will be held at the State College of Iowa, Ames, Iowa.

The league aims to create a democratic social life among the women students, to maintain adequate social standards and to give cultural opportunities. Each year the league sponsors teas, banquets, the Co-ed Prom, Campus Sisters, two formal dances—the Harvest Hop and the June Jig—several round table discussions, faculty chats, and five class clubs.

# MEN'S UNION EXECUTIVE BOARD

# MEN'S UNION

The Men's Union of Michigan State formal College has in the year nineteen hundred thirty-four elevated itself to the enviable position of being one of the most outstanding men's organizations in any similar institution in the United States.

When the men came back in the fall, they came as "Children of the Depression", "Waifs of the Lost Generation". Very evidently the challenge of a chaotic world coupled with the fact that purses were less well-filled, dared the men to co-operate in a spirit of tolerance and understanding. It was in this spirit that the Men's Union, under the guidance of Ed LeGendre, its president, worked through a Homecoming program which, despite the fact that it was the most colorful in the school's history and despite the fact that it called back hundreds for a week-end of festivities, was commended by James M. Brown, Dean of Men, as the most economical Homecoming in the history of the school. Co-operation was its byword; gaiety was its theme; fraternity and whole-hearted welcome was its spirit.

The men, turning their attention to more serious business, next tackled the Men's Union Constitution, a constitution which had not been touched since it had been drawn up. Time and precedent had so out-dated this constitution that it was nothing more than a piece of paper gathering dust. Through the dogged but tactful efforts of Ed LeGendre it was aligned with the newer principles and traditions of the Men's Union. It is no longer a piece of paper to be referred to by chance and happenstance. As a result of its thorough revision, fair elections are insured; flexibility is guaranteed; precedence is set.

Taking its key from the success of the Homecoming, the Men's Union proceeded to climax the fall term of the school year by staging one of the most dramatic Yule Log Drags ever sponsored by the organization. Fun ran riot that evening. Cheer was in the air. Laughter and good-fellowship ruled. It was a red letter evening for every member of the capacity crowd which attended. The "Drag" was only surpassed by the Spring Breeze, a party long to be remembered for its novelty in entertainment, its fascinating arrangement of the decorative scheme, its peppy music. The committees out-did themselves to make this the outstanding dance of the year, an example of what a party can be, a challenge to all future committees.

But business and pleasure could not have been mixed so successfully had it not been for the splendid co-operation of the men students in their participation in these activities, in being personally interested in their own student government, in individually seeking to spread that contagious feeling of good-will and co-operation.

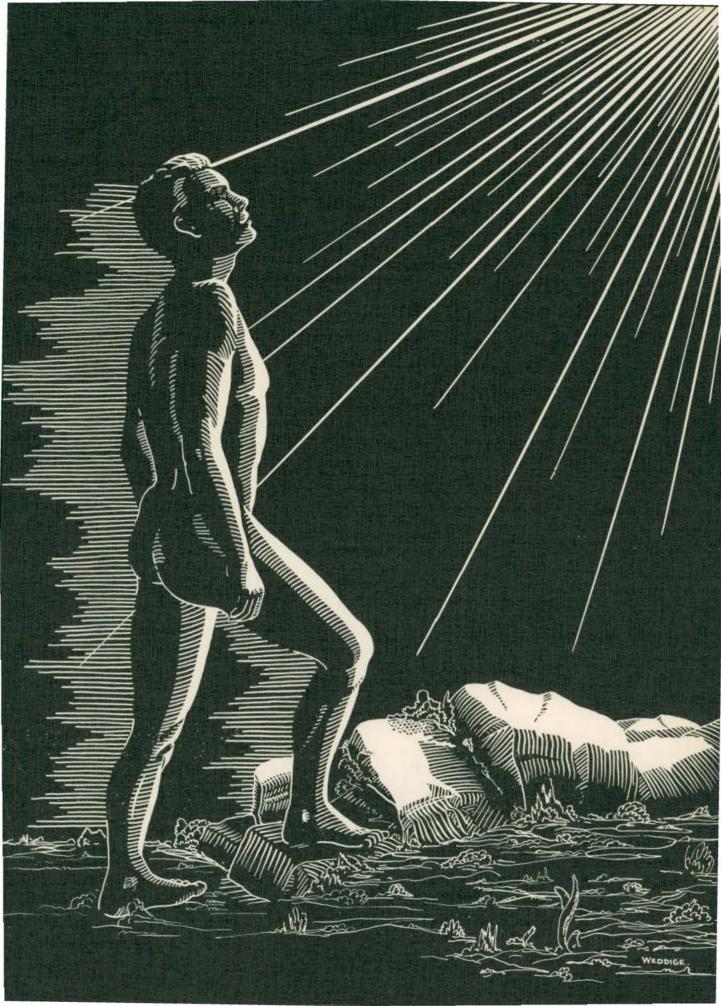

According to Ed LeGendre, the Men's Union Executive Board was a most efficient group. The representatives were men who saw problems and met them. They were men who, because of their own positive personalities, made activities succeed. To this board should be given the credit for enforcing campus traditions, for co-operating with the college in support of the new administration, and for promoting a fair election of the 1934-35 Men's Union officers.

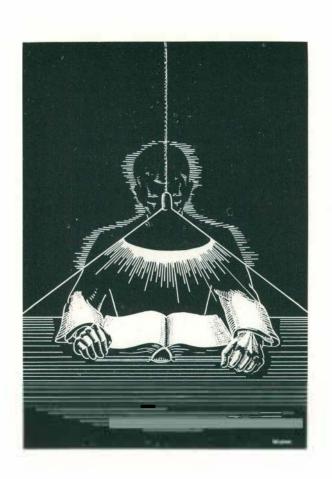

Ed LeGendre, not being satisfied with making the Men's Union a living, necessary and helpful organization, attended the meeting of the Association of College Unions held at Columbus, Ohio, where he succeeded in initiating and organizing a student unit of the Association. Because of his initiative and sincerity, he was appointed chairman of the committee to draw up a constitution for this student unit. Through his work on this committee and at the conference, he was instrumental in getting student representatives on every one of the Association's active committees.

Leaving such a record, it is not difficult to see why the Men's Union of the Michigan State Normal College has, in the year nineteen hundred and thirty-four, elevated itself to the enviable position of being one of the most outstanding men's organizations in any similar institution in the United States.

With senses a lert and keen, He stands for the first time with seeing eyes. He is thrilled with the fire of ambition.

# SENIOR DANCE

#### COMMITTEE

Doris Mason, William Chlopan, Jr., Co-Chairmen
Frank Chapel Music
Milford Alway Tickets
Gerald Roberts, Walter Ward Floor
Lena Mae Jones Programs
Edna Hanratta Decorations
Ralph Steffek Publicity

Because the class of 1934 began its career in the first year of the depression and continued it in spite of the depression, it was decided that the last formal function of this class should be held on a Friday the thirteenth, hoping that such an arrangement would disable all the jinxes of the depression. Thus it happened that on Friday, April thirteenth, at a semi-formal party, nearly one hundred couples danced to music furnished by Clare Wigell's Orchestra.

Simplicity—now a habit with this class—was the order of the evening: simple decorations in silver, green, and black, simple yet effective lighting by soft red light, simple black and white silhoutted parchment programs. In the receiving line were President John M. Munson, Mrs. Fannie Cheever Burton, Gerald Roberts, vice-president of the class, and his guest, Miss Ruth Copeland, William Chlopan, Jr., president of the class, and his guest, Miss Inez Jensen of Highland Park. Mr. and Mrs. Edwin Stahl were faculty chaperons.

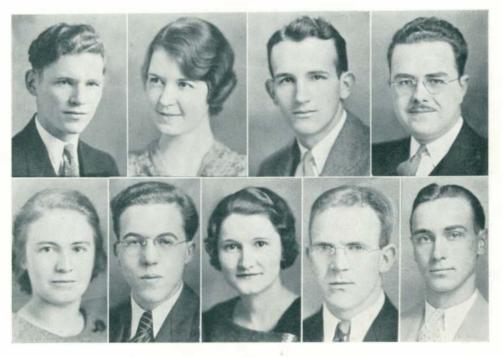

Top Row—Fuller, Sweet, Sparks, McCarthy.
Second Row—Kahler, Steffek, Slocum, Wright.
Bottom Row—Conrad, Chapel, Anderson, Randels, Snyder.

# LANTERN WALK

Lantern Walk, the traditional farewell of the seniors to the campus, scheduled on the last Friday night in the school year, was in charge of Bill Fuller, general chairman. The picturesque march of the seniors in cap and gown and carrying lanterns, began at the Administration Building, where college begins, and ended at McKenny Hall.

The experiences and associations of college days were recalled at the Administration Building by Cecil Conrad, at Pierce Hall by Wilton Slocum, at Pease Auditorium by Ione Randels, at Health Cottage by Claudine Steffek, at Roosevelt High School by Joseph McCarthy, at the Science Building by John Snyder, at Starkweather Hall by Ethel Sweet, at the Library by Frank Chapel, at the Women's Gymnasium by Frances Anderson, at the Men's Gymnasium by Karl Kahler, at Welch Hall by Elizabeth Sparks, and at McKenny Hall by Ben Wright. To the seniors, as students, the doors of these halls were thus reluctantly closed.

Top Row—Stern, Pfeiffer, Chlopan, Davies.
Bottom Row—Atkinson, Huber, Lucas, Jewell, LeGendre.

# CLASS DAY

Class Day—the day when the seniors say farewell to the undergraduates and faculty, when a review of the achievements and disappointments of four years is made, when the prophecy of the future and the will of the present is read!

This year the senior class chose to be represented by Mrs. Helen Pfeiffer, Valedictorian, and Clarence Stern, Salutatorian. William Chlopan, Jr., who gave the president's address, was tied with Mrs. Pfeiffer for highest scholastic standing, while Evelyn Stephen and Elizabeth Sparks were tied with Clarence Stern for second place.

In the exercises the senior class history was told by Edward LeGendre; its prophecy was read by Wilbur Huber, its will by Ivy Atkinson. Vera Lucas was class orator, Kenneth Jewell, soloist. Reginald Davies presided as general chairman.

Top Row—Ward, Gates.
Bottom Row—Merritt, Downing, VanDam.

# SKIP DAY

The members of the class of 1934 upheld an annual tradition on Thursday, June seventh, by celebrating Senior Skip Day. More than two hundred dignified fourth-year students cast away their stateliness for a day to enjoy the cool waters of the lake, and the soft, sweet music of an excellent orchestra in the evening. Food was plentiful, and the well-prepared picnic luncheon was hungrily devoured by the class after the swimming session.

The committees, under the co-chairmen, Gerald Roberts and Walter Ward, co-operated in making this traditional function as successful as it has been in past years.

# SENIOR CLASS HISTORY

The depression class! We, the class of 1934, braved near-empty pocket books in the fall of 1930, a terrific stock crash behind us, and a violent depression staring us in the face, to begin that important college education. Courageously we have battled for four years through an army of cancelled checks, closed banks, unemployment, and general financial crisis. Now, in our last year, we are heartened by a bright and shining light, "The New Deal." This program of our president, with its long list of alphabetical conundrums, has proved a stimulating psychological and financial aid to the American college student.

Complying with a time-worn tradition, at our first class meeting six hundred and five eager freshmen elected three local Ypsilanti high-lights to lead us through our primary step in college: Fritz Wood, Ralph Steffek, and Marie Garrison, as president, vice-president, and secretary-treasurer, respectively. Our initiation into the Huron sporting world took an auspicious jump in the form of a football game—the most famous in all Ypsi history—when a small band of green and white pigskin toters outplayed and outfought the University of Michigan, only to lose 7-0 in the waning moments of this historical contest.

Past our yearling stage, we returned to the campus in the autumn of '31, to be presented with a beautiful new building, Charles McKenny Hall, in honor of our much-loved president. And what a blessing we found the Hall! No more hikes to the Masonic Temple for Friday night dances, no more Kresges in the old gym, fewer "science-gardeners" now!! Indeed, it was a gracious gift from our alumni, and an answer to a long-awaited recreational and social center for our campus.

The next year, the high-light of the social season was, as usual, the J-Hop, and with Benny Kyte furnishing soft, sweet music for the 200 couples, it was indeed a tribute to chairman Sam Skeen and his committee. Then with Reg Davies as the genial master of ceremonies, five acts in the cabaret, an Arabian Oasis, were enjoyed. Individual highlights began to pop out during the year: Bill Chlopan in scholarship and speech, Ray Lowry as a pole-vaulter, Betty Sparks in scholarship, and Ralph Steffek in newspaper work.

Returning in the fall of '33, as dignified seniors, with our goal of graduation on the horizon, we knuckled down to the serious tasks in the last steps before commencement. To lead us through this important period, we chose four responsible and capable members of our class: William Chlopan, president; Gerald Roberts, vice-president; Doris Masen, secretary; and Walter Ward, treasurer. To our president go our heartiest congratulations. A member of three honorary fraternities, president of Pi Kappa Delta, varsity debater, winner of numerous speech contests, an all "A" student, and a basketball player, besides directing the affairs of our class, is a record for any man. Other luminaries in this class of 1934 are Ione Randels, president of the Women's League and Ed LeGendre, president of the Men's Union, both of whom have been popular leaders of their respective groups. Arvilda Merryman and Bill Fuller were co-publishers of the yearbook, while Ralph Steffek, Dick Galley, Ben Wright, and Wally Ward were senior members of the ormal News Staff. Ken Jewell, who led Kappa Delta Pi, and Carl Bowman, captain of the football team, conclude the list.

Taking with us the pleasant memories and associations formed in the past four years, we bid adieu. We hope success will attend all the efforts of this college toward progressive education.

#### JUNIOR CLASS HISTORY

In the last months of our sophomore year we chose from our midst, Robert Wilson for our class president. For his helpers we selected Margaret Morrison, William Zepp, and Mary Claire Rice who has filled our secretary's chair for three years. When we returned to school in the fall we immediately looked to them for leadership.

Due to our relatively elevated position as Juniors, we were able to look down on the underlings as they tusseled with one another in the class games. Then the following day—the big day during Homecoming—we took our position in the parade and at the football field to help the committee make a bigger and better homecoming than ever before.

In the line of social activities, before that new innovation known as two hour exams stared us in the face, we welcomed the idea of a Class Mixer. It was a big success. May it be here stated that the juniors had the first class mixer on the campus and not just another campus mixer. The two hours were well spent in dancing—most of which was the well known, by now, rye waltz. We must give many thanks to our officers and the committee appointed by them for the successful mix-up we enjoyed.

With much ado about everything we held that always talked of class meeting and by unanimous decision placed the job of general chairman of the one and only J-Hop in the hands of Vaughn Kilburn. With much speed he had his aids working and on February seventeenth we witnessed the "J-Hop of Juniors". In McKenny Hall ballroom we danced to music by Henry Finney and his band. At odd moments we journeyed to the lower floor changed for the evening into a cabaret beautifully decorated in black and silver. Chairman Kilburn and helpers can be congratulated on the affair as both a social and a financial success.

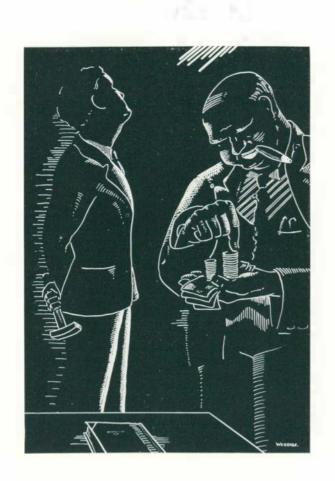

ow as the year approaches its finish we look to the individuals who have given and will give us glory. In oratory, Margaret Morrison and Sidney Everson were taken from our ranks to represent "The Oldest Teacher Training College West of the Alleghanies." The women on the campus have already voiced their faith in Marian Beardslee, by electing her to the supreme office of president of the Women's League for next year.

At present, the roster is being scanned for possibilities for class officers to take over our burden in our final glorious year as Seniors. Some will graduate and leave us. Most of us, we hope, will be able to return and complete our four year period.

Now we regret to bid good-bye to our college friends but look forward to a gallant come back for the final stand of the class of 1935.

Mammon seeks to buy His art for its own gain.

#### SOPHOMORE CLASS HISTORY

Although they did not realize it at the time, the class of 1936 was the last Freshman class to start its college career under the guiding hand of President McKenny. This memory is the cornerstone upon which the rest of their college days rests.

After the first few weeks of college life, the fast-developing freshmen of the class of '36 saw thru the bluff put up by the upperclassmen, and became the most rebellious and independent class in the history of the old tradition known as the wearing of the green. This program of insurrection was brought to a triumphant conclusion, when the stalwart males of the class defeated the sophomores in the class games.

Easing themselves gently into extra-curricular activities their first year, the freshmen provided small but capable representations in music and speech activities. The athletic-minded males produced several good freshman teams, developing that ability which was to make a reliable varsity showing the following year.

After a summer of making up sleep lost at college, the class of '36 returned in the fall of 1933 to make a flying start for a great year of campus activity.

As football "finds" several sophomores became well-known; several saw regular service, while others provided reserve material. The fall term college play numbered several sophomores in its capable cast. As all-round battlers the class kept a clean slate by defeating the upstart freshmen in the class games. The class contributed in many other ways to the success of homecoming.

After Christmas vacation the old class spirit was shown by a well-attended class meeting. Here the class sponsor, Mr. Fagerstrom, was introduced. Betty Mitchell was elected vice-president of the class to take the place of Jane Saunders, who was unable to return to school. In this meeting the class also showed its loyal co-operation by voting its share of finances to the Aurora Board. Class spirit demanded a new outlet, so plans for a class mixer were formulated. This materialized successfully; many mixed and all had a good time, including some members of other classes who crashed the gate.

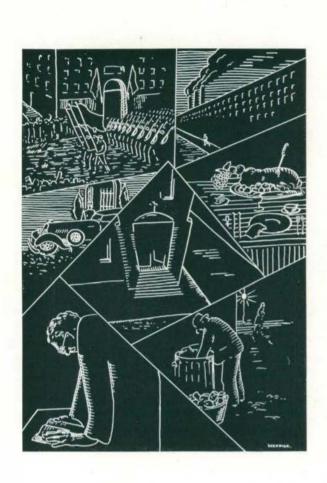

The basketball ability developed during the freshman winter term showed well during the season in the sophomore contribution to the team. To demonstrate that the class, though strong, was not necessarily silent, an increasing number took to speech activities. Art, musical activities, scholarship, the college circus, and the winter term college play, "The Merchant of Venice", provided stages for the success of others of the class.

During the spring term many sophomores, both men and maids, forsook other activities to show the direction in which "in the spring a young man's fancy lightly turns." From all indications the young collegians were learning fast.

As the year thus ends, the class of '36 thinks with pardonable pride that they are fully qualified to assume the title of juniors, which they expect to assume after a summer of intellectual inactivity.

Refusal to sell His art thrusts Him beyond the pale.

## FRESHMAN CLASS HISTORY

On September 24 through the efforts of some kind genii, four hundred students arrived at the city of "13,000 friendly folks" to enroll as freshmen of 1933. Enthusiastic over the events of Freshman Week which really meant "big-sisters" and "pots", new names, faces and required assemblies—each member took a vow to make the class a success socially, athletically, and scholastically.

Just as a nation and its states need leaders, so does a college and its units. At an early class meeting, likeable Bill Smith, Jula Evans, "Big Dan" Caton, and Betty von Eberstein came out of the ranks to guide the newcomers through their first year on campus.

One of the first efforts of the administration was to educate the so-called ignorant "Freshies" in a few of the recognized ethics of their newly accepted Alma Mater. To prevent any faux pas, Mr. Steimle appeared in person to instruct them in the intricacies of registration and regulations. During the following months, two of the aforementioned vows materialized: Jula Evans was honored with membership on the judiciary board of the Women's League, and Robert Dawson was chosen for the executive board of the Men's Union.

Among the outstanding activites of the male aggregation was the upholding of the class honor against the "Sophs." Because they were trained to be adept swimmers (fountain experience) and endurance hikers, they offered their opponents strong competition in the class games of homecoming week. With "Big Dan" as anchor man the tables were turned, and the defenders of the little brown jug paled under their war paint as they lost the tug-of-war event to the proud "Frosh".

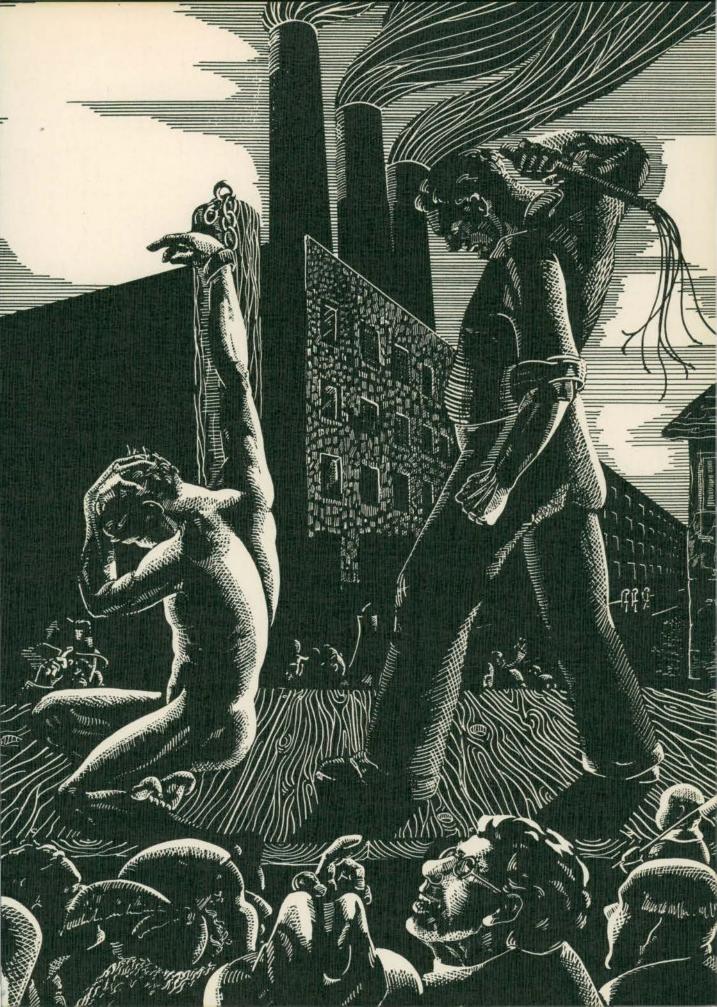

The supreme factor which made the Chronicler-of-All-Important-Occasions record the class of '37 was their originality in instituting something refreshingly new in parties: a Freshman Frolic for freshmen. In fact, such an innovation proved to be so successful that the adviser, Dr. Anspach, permitted a second one during the spring term.

In the field of sports the freshmen were unusually successful. The cage season closed with six victories and only two defeats; the boxing finals found Christy and Kirby Wilson winning laurels; spring brought outstanding achievements in both track and baseball.

Being a class of versatile and accomplished people, it was proud to have produced the Huron's Drum Major, Fred Wiest, a varsity debater, Mary Joan Purcell, and to have contributed generously to the musical activities on the campus.

With this record behind them, the class of '37 feels that they have nothing to fear for the future, but have every confidence that they will continue their college career as successfully as they started it.

Refusing Him even the freedom of an outcast, they would flog Him into conformity.

HONORARIES

Benumbed and stupefied by the intolerance of the mob,

He lives in utter loneliness of mind and heart.

## KAPPA DELTA PI

Kappa Delta Pi was organized as an honorary education fraternity at the University of Illinois June 8, 1911. Since that time ninety chapters have been established at colleges and universities throughout all sections of the country. In 1932 the society was reincorporated as Kappa Delta Pi, an Honor Society in Education. Pi chapter was installed on the Michigan State Normal College campus June 20, 1922. There is one other chapter in Michigan, Beta Iota, established on the campus of the Western State Teachers College in 1929.

The purpose of the society is to "encourage in its members a higher degree of devotion to social service by fostering high intellectual and personal standards during the preparation for teaching and by recognizing outstanding services in the field of education." Members are chosen from the upper fourth of the junior and senior classes. All candidates must have work in education to the extent of at least twelve term hours if elected in the senior year and must possess worthy educational ideals, sound scholarship, adequate personal qualifications, and evidence of continued interest in the field of education.

The main event of the year was the initiation banquet for fifty neophytes which took place February 17, at Charles McKenny Hall. It also marked the thirteenth annual reunion of active members and alumni. The annual Honors address was given by Dr. Edward H. Kraus of the University of Michigan, who spoke on "Honor Societies and Higher Education."

### PI KAPPA DELTA

#### MICHIGAN EPSILON CHAPTER

Michigan State Normal College

Installed 1921

Pi Kappa Delta is a national honor forensic society now consisting of one hundred thirty-nine chapters located in colleges from Maine and Florida in the East to Washington and California in the West. Within the last year a chapter has also been installed in the University of Puerto Rico. It now has 12,203 members. It originated at Ottawa University, Kansas and Ripon College, Wisconsin, in 1913.

The local chapter, Michigan Epsilon, number fifty-five was installed June 10, 1921. Its purpose, as stated in the national constitution, is "to stimulate progress in, and to promote the interests of intercollegiate oratory, debate, and public speaking by encouraging a spirit of intercollegiate fellowship, of brotherly co-operation and interest, and by conferring upon deserving candidates a badge of distinction, proficiency and honor, varied and graduated according to merit and achievement". Only those students whose platform proficiency is such that they are chosen to participate in intercollege debates, oratory or extemporaneous speaking are admitted to membership. In debate, the student must have participated in no less than three such debates upon a selective list. Freshmen are not eligible. The annual initiation and dinner are held in May of each year-

In addition to the schedule of intercollege contests, the national council provides for a national convention and speaking tournament in the spring of the even years. This year the national convention was held in Lexington, Kentucky, April 2-6, 1934, and was attended by 600 students and faculty. Michigan Epsilon, local chapter, held a Pi Kappa Delta Invitational Tournament on March 17, for the chapters of the Province of the Lakes in preparation for the national tournament.

## SPEECH ACTIVITIES

Speech activities in recent years have been designed to give a large number of students opportunity to participate in the various speech activities. Two plays, "Death Takes a Holliday" and "The Merchant of Venice" gave opportunity in drama. The try-outs for both of these plays were open to the entire school. The plays were in charge of Professor Lathers and Associate Professor Stowe, with Associate Professor Edson providing for the costumes. In debate a group of young women under the direction of Professor McKay and a group of young men under the charge of Assistant Professor Wood have held a series of debates on important economic and governmental questions.

As usual the college has taken its part in the contests sponsored by the Michigan Intercollegiate Oratorical Association including oratorical contests for men and women, the Extemporaneous Speaking Contest and the Poetry Reading Contest Festival.

CHLOPAN, GARNER, DAVIES Morrison, Lucas, Adair.

## FORENSIC BOARD

Student responsibilities for public speaking contests are carried on by the honor forensic society, Pi Kappa Delta, through its Forensic Board: William Chlopan Jr., President; Carlton Adair, Men's Vice-President; Margaret Morrison, Women's Vice-President; Vera Lucas, Fraternity Secretary-Treasurer; Lila P. Garner, Forensic Secretary; and Irene Jacht, Fraternity Reporter.

Much of the work in speech which formerly was done only in student organizations such as literary societies and debating clubs is now provided for in regular classroom courses. Nevertheless, there are still a number of small organizations on the campus whose purpose is social pleasure and self-improvement through oral discussion.

Morrison

Everson

## GENERAL ORATORY

The forty-fifth annual contest in general oratory occurred December 5th, 1933. From the six speakers in the final contest, the judges chose Margaret Morrison, junior, and Sydney C. G. Everson, senior, as the college orators. Miss Morrison, woman orator for the second year, chose to develop the theme, "As a Man Thinketh", in which, out of her thinking upon the social and religious aspects of life, she organized a strong plea for a fundamental religious belief and a corresponding individual conduct. Mr. Everson, selected as his subject, "Evolving a Social Conscience". He traced the development of economic society from individual to group competition and emphasized the significance of a social conscience as fundamental to all higher progress. Both orators made a fine showing in the Group "A" contest at Albion College, March 2nd, Mr. Everson just missed securing a place among the first three speakers. Miss Morrison entered the state contest, where she tied for third place.

ANDERSON

## PEACE ORATORY

H. Gordon Anderson, junior, was chosen in November as the c llege peace orator. With his theme, "The Vultures of War", he then entered the Divisional contest at Grand Ledge, and was chosen as one of three speakers to enter the state contest at Grand Rapids on January 14, 1934. Among the eleven speakers entered, he was awarded second honor and a prize of thirty dollars. He combined an attractive personality with a striking plea for depriving munition makers of war profits.

DELAFORCE

LANTZ

## INTERPRETATIVE READING

In February 1933 the Michigan Intercollegiate Oratorical League sponsored for the first time an intercollegiate interpretative reading contest. The Normal College had the honor of entertaining the other colleges, eleven in number. The league selected Associate Professor Marion Stowe as state faculty director and the contest was under her management.

The second state intercollegiate interpretative reading contest-festival was held at Olivet College May 1934. From the afternoon contest four men and four women were chosen to participate in the evening Festival. Each participant in the Festival was awarded a book of poems.

Vivian Lantz, '35, and Richard Delaforce, '34, represented the Michigan State ormal College in the Contest-Festival. Miss Stowe was reelected state chairman.

Daly

CHLOPAN

#### EXTEMPORANEOUS SPEAKING

The Normal College representatives in the annual State Extemporaneous Speaking Contest, held at Michigan State College, November 28th, were Catherine Daly, junior, and William Chlopan Jr., senior. Miss Daly spoke upon "Public Education", and Mr. Chlopan upon "The National Recovery Act". Neither was chosen for one of the honor places.

Top Row—M. Moyle, H. Gilbert, F. Alway, M. J. Purcell, C. Daly. Second Row—F. Billups, M. Rowe, Erma Skinner, M. L. Sheppard, M. Evans, M. Moy. Bottom Row—V. Lantz, L. Prentice, I. Jacht, V. Lucas, Mr. McKay, L. Garner, A. Nemeth.

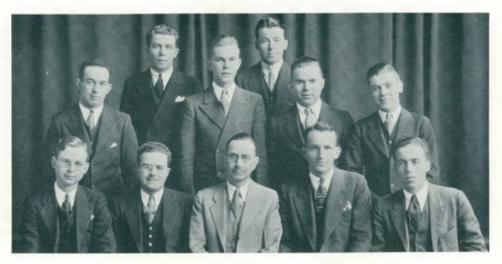

## WODESO CLUB-WOMEN'S DEBATE

The Wodeso Club's nineteenth year was carried through with the usual vigor and enthusiasm. Four old members—Lila P. Garner, Vera M. Lucas, Irene Jacht and Louise Prentice—reopened the work. Miss Lucas was elected President and Miss Garner, Vice-President. Through most of the season, eighteen members made up the personnel, of which twelve participated in the intercollege contests, six of whom were admitted to membership in Pi Kappa Delta—Misses Lantz, Evans, Daly, Rowe, Prentice and Sheppard. Miss Billups was awarded a merit medal, and Miss Purcell, freshman, was cited for commendable work. Miss Garner, with her three years' debate record and eighteen debates to her credit, was awarded the diamond key in Pi Kappa Delta.

As representatives of the college, the club members engaged in twenty-nine intercollege debates, a record thus far. Of the seven decision debates, two were lost and five were won.

## MEN'S DEBATE 1933-34

The men's debating activities for this year centered around the general question, "Resolved, that the powers of the President should be substantially increased as a matter of settled policy." The debate squads were made up from a group of eighteen debaters. For the first time in the history of the college the men's debate schedule exceeded fifty debates. This large number of debates was possible through our participation in five debate Tournaments. The year's record to April 1, 1933 follows.

#### NORMAL COLLEGE SYMPHONY ORCHESTRA

MARIUS FOSSENKEMPER, Conductor

This orchestra has dedicated itself to the ideal of interesting and inspiring the younger generation of Americans in the development of musical art and culture. The future of music is illimitable as an integral factor in cultural and practical life. There is a friendly feeling of pride shown by the college administration, the student body, the townspeople, and the newspaper for this orchestra. The Ypsilanti Normal Symphony Orchestra is one of the great amateur orchestras in America today; and by touring engagements through the middle west, many thousands of music lovers have been able to hear it.

Such a concert bespeaks a long noble tradition built up by generations of devoted student-musicians directed, kindled, kept aware of the finest art by a man of insight and power. But far more striking than this skill in building a program was the performance of it. The compositions were treated as individual, living things each distinct and particular in its own life. They remain etched unforgettably in the memory. Nothing short of a miracle could produce such loveliness of choral sound in which there is at once something mystical and something warmly human.

Roy Dickinson Welch

Roy Dickinson Welch Professor of Music, Smith College

Front Row—Bowman, Gill, Brown, Galley, Metevier.

# NORMAL COLLEGE BAND

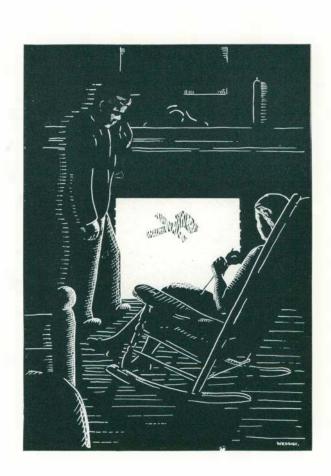

The Normal College Band is the branch of the Music Department which represents the college on the athletic field during the football season, and on the street at public functions. The band also functions as a concert organization, and has rendered a series of successful concerts, in which a high grade of standard music is invariably programmed.

Clad in individually fitted black broadcloth uniforms of professional design, trimmed with the green and white of the college, the men present a brilliant appearance, and they have developed into an excellent marching corps, with playing qualities especially noteworthy.

Two classes of musicians make up its membership: those students who are majoring in the band and orchestra courses, and those who play as extra-curricular activity. Its membership is open at all times to any proficient musician. Many students who are not athletically inclined satisfy the physical education requirements of the institution through service in the band, and to these men it owes a great portion of its proficiency.

Rekindled hope renews His vision of His art

The Physical Education Club during the school year of 1933-34 gained great impetus as an organization. Every month the club has had social functions. During the winter term the majority of the time was spent in enthusiastic preparation for the Circus which the club sponsored. The Circus, having the majority of the acts made up of student talent, resulted in one of the best in the history of the club. Many of the acts were taken to Wyandotte a week later for two performances.

Mr. Mitchell, director of the Intramural Department of the University of Michigan and Editor of the Physical Education Magazine, presented an interesting talk on Signposts of Beginning Teachers. After the lecture, the evening was spent in dancing. Mr. R. K. Murray of the National Recreation Association conducted a recreational program in the gymnasium. He first gave a talk on the value of a recreational program and then led the group in many games.

As is customary the "Prospectus" which is a list of all graduates, their qualifications, and their pictures, was sent throughout the state to school superintendents.

At the National Physical Education Convention this year, the club was represented by the president, Don Rock.

The Commercial Teachers' Club is made up of students who are taking the life certificate and degree courses in commercial teaching at Cleary College and the Michigan State Normal College. The club was organized in 1912 and meets once in two weeks throughout the school year in the library of Cleary College from seven o'clock to eight o'clock in the evening.

The purpose of these meetings is to bring together future commercial teachers for the discussion of subjects of common interest and to develop in them true leadership and fraternal and club spirit. The program speakers include professional and business men and women. About once each term the club sponsors week-end student functions.

At the close of each term officers are elected for the ensuing term.

MISS ELIZABETH WHITTLESEY

The Public School Music Club, which was organized in 1914, has been a stimulating and improving factor in the college life of the students majoring in Public School Music. It confines its membership to the senior and junior classes of each year and the sophomores who are invited during the fall term of the second year.

In 1933 it was voted to invite the orchestra, band, and piano majors. This afforded greater interest and expansion of musical ideas.

The club is indebted to Miss Clyde C. Foster, Mr. Alexander, and Miss Ashby, who have all served for many years in promoting the actual purpose of the club—that of stimulating the growth of school music education—and to each of them the club extends its sincere appreciation.

# STUDENT RELIGIOUS COUNCIL

The Student Religious Council is made up of representatives from six of the churches, Baptist, Congregational, Episcopal, Lutheran, Methodist, Presbyterian, and one from the religious organization on our campus, the Y. W. C. A.

It is the purpose of the Religious Council to promote a unified program that will meet the religious needs of our students. For this purpose, the Religious Council has sponsored a program of monthly lunches for commuting students at which ministers of the churches of our city were invited to speak, and in this way an opportunity was afforded to many of the commuters to hear men whom they had never heard before. The commuters' luncheons were followed in the spring by a series of three Lenten services.

In addition, the Cabinets, or Executive bodies, of all the churches and the Y.W.C.A. met at two banquets during the past year. Both were very successful and indicative of the spirit with which the unified church activities are being carried forward.

Lastly, four interdenominational meetings held at Starkweather Hall proved to be very interesting. The Religious Council plans to continue these meetings next year in view of the fact that they really answer the purpose of the student program.

To realize a full and creative life through a growing knowledge of God and to have a part in making this life possible for all people is the vital purpose of the Y. W. C. A. The keywords "Service and Sisterhood" are the goals for which the organization strives. To provide a medium for the expression of the religious life of the students of the Michigan State Normal College is its aim. Starkweather Hall is the beautiful home of the Y. W. C. A. and its doors are always open to any who wish to enter.

# SOCIAL COMMITTEE

It has been the custom for several years to have a committee of six upper classmen to serve as assistants to the social director in the detailed planning of the college dances. The committee also assists in appointing the student hosts and hostesses who serve at each dance.

The student body is invited to talk freely with the members of the committee or with the director, as the case may be, and frequent meetings are held to ascertain the student viewpoint with regard to orchestras and other arrangements. The service of the committee is found to be invaluable in helping to make the college dances interesting to all students.

The local Pan-Hellenic was organized in 1926. It consists of representatives from both the local and national sororities. The offices are filled by a system of rotation.

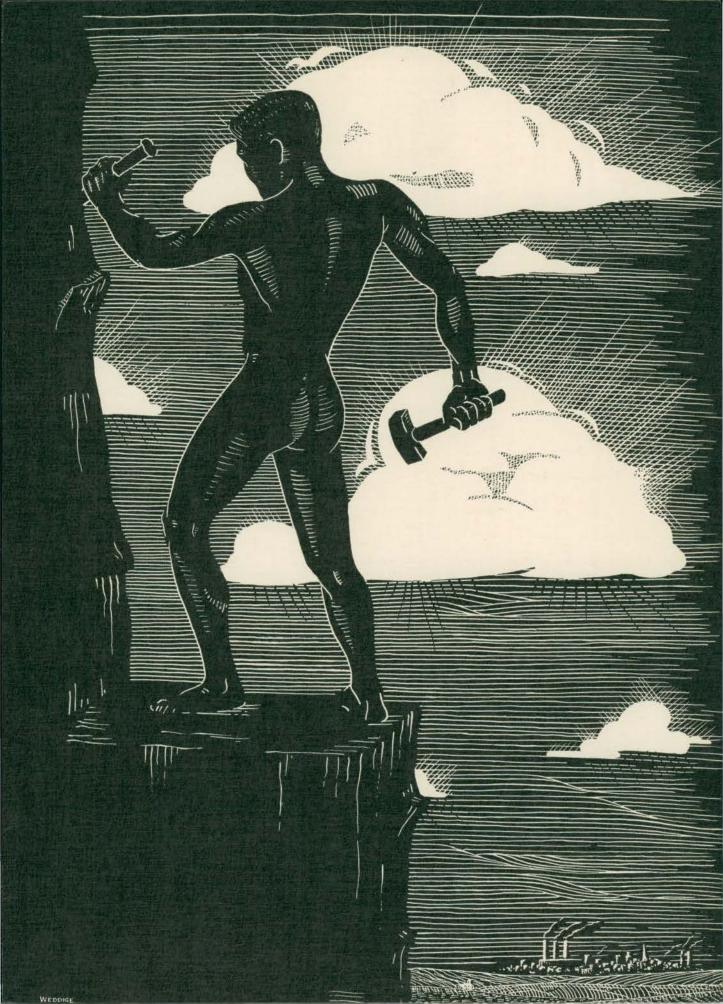

Meetings are held once a month at which the students and faculty advisers discuss all problems relating to sorority life.

Each term an inter-sorority dinner is given at which a loving cup is presented to the sorority having the highest scholarship rating for the preceding term. The cup was presented to Theta Sigma Upsilon for the fall term on their record for the preceding spring term.

Pan-Hellenic gave a tea for all freshmen women in the winter term.

Exploiting His own powers for the achievement of the ideal, He finds the meaning of life.

## WOMEN'S ATHLETIC ASSOCIATION

The purpose of the W. A. A. is to offer a varied recreational program for all the girls on the campus. Such a program, consisting of major and minor sports, is open each term to classes, clubs, sororities, and all college teams. There are twenty-three sports which can be participated in during the year, each girl receives points for both group and individual competition.

## THE 1933 FOOTBALL SEASON

Head Coach Rynearson with the aid of coaches Ockerman and Hawk had anything but a bright outlook for turning out a football squad comparable to those of former seasons when they assumed the task of whipping into shape the team to represent the green and white colors for 1933. Suffering not only from heavy losses due to graduation but from a diminished athletic fund and the failure of many "bright spots" to return to school, the Huron mentors found themselves confronted with a difficult problem. However, the small but determined group of hopefuls soon took shape and when the final gun sounded for the season the record turned in showed six wins and two defeats, without a doubt as successful a year of football as any team could hope for and one which many envy.

## THE FOOTBALL SEASON

MICHIGAN STATE NORMAL vs FERRIS

After practicing less than a week the Hurons journeyed to Big Rapids to match brain and brawn with the Bulldogs. Using only four or five plays because of heavy scouting by the U. of D. coaches and players, Rynie's stalwarts showed strength in their running attack and defense work to return with a 20-0 victory, Dirkse and Welever scoring the touchdowns.

MICHIGAN STATE NORMAL vs UNIVERSITY OF DETROIT

The second and toughest game of the season was that with Coach Dorais's aggregation at Dinan Field. It was only after the fighting Huron squad had been battered and hammered for the first half that the Titans were able to show their superiority, and then it required the use of four full teams.

MICHIGAN STATE NORMAL vs NORTHERN STATE TEACHERS

The second victory of the season took place in a cold rain at Marquette at which time Rynearson's men resorted to straight foo ball and handed the northern boys a 24-0 trouncing. Welever went over for three touchdowns, the fourth crossing being made by Ostlund. The Huron line showed its best work of the season thus far, considering the loss of White, Unger, Wilson, and Benedict who because of minor injuries could not make the trip.

MICHIGAN STATE NORMAL vs ST. VIATORS

Returning to the home turf for the first time this season the Michigan State Normal gridders proceeded to add another victory to their record by defeating the stubborn gridders of St. Viators 13-8. Trailing by a score of 2-0 until the final period, the contest was serious until by frequent substitutions the Hurons obtained a scoring aggregation.

MICHIGAN STATE NORMAL VS CENTRAL STATE TEACHERS

Looking the best they had all season, the Hurons defeated the Bearcats from Mt. Pleasant to the tune of 25-7. Playing on even terms until the last half, Coach Rynie's gridders unleashed the strongest aerial attack of the season along with a beautiful running attack which made the Hurons impossible to stop. Hanneman starred with two touchdowns and Piotrowski, Arnold, and Emmick each added to the final score.

MICHIGAN STATE NORMAL vs ALMA

The fifth victory of the season came when the weak Alma eleven fell before a rather loose Huron attack. With the exception of three or four linemen the Huron forward wall made a poor showing. Parker, Arnold, and Welever accounted for the Huron score of 19, while the lone Alma score came from a pass.

# MICHIGAN STATE NORMAL vs SOUTH DAKOTA HOMECOMING

After the poor showing in the Alma game Coach Rynearson proceeded to revamp his eleven for the homecoming tilt with the Jack Rabbits, who because of their defeat last year, were in anything but the mood for taking another trimming.

The first half showed the Dakota team battering the lighter Huron line for steady gains, but for only one touchdown and point after touchdown. An eleven with a new spirit came on to the field the second half and shortly the score was knotted at seven all. But following an intercepted pass the Jack Rabbits again regained the lead to win by a score of 15-7. Piotrowski, Capt. Bowman, Parker, and Dirkse were the star performers—Dirkse scoring the lone Normal touchdown.

MICHIGAN STATE NORMAL vs IOWA STATE TEACHERS

To climax the 1933 season the Hurons defeated the teachers from Iowa 19-6 in the most adverse weather and field conditions. Only a handful of loyal green and white rooters witnessed Rynie's men at their best, the best work being turned in by Parker, Hanneman, Oravec, and Welever. Bill Unger, the big Huron center, received several fractured ribs during the first period when he was pushed into Bob Arnold's foot while Arnold was punting.

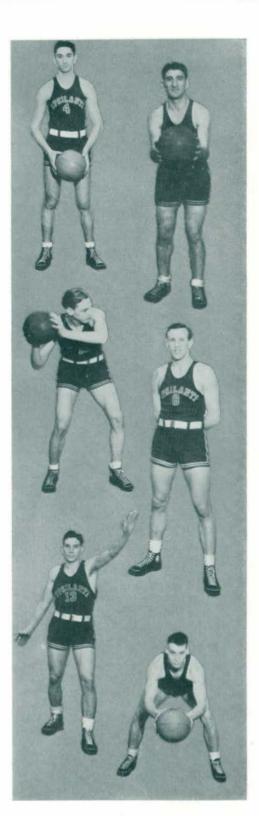

The team of 1934 will miss the outstanding services of Captain Bowman, Roy Ostlund, John Oravec, John Benedict, and Dean Rockwell who will be grad-

uated.

## BASKETBALL SEASON

Coach Harry Ockerman started his 1933-34 court season with only one regular from the previous year, Captain Ben Bayer who had hardly started the season when a leg injury caused him to remain out of the rest of the games. From a practically "green" group of hopefuls, Ockerman molded a successful winning squad of basketeers who completed the season with twelve wins from eighteen attempts.

After three weeks practice the Huron cagers journeyed to Olivet to play the season opener. Coach Ockerman was unable, however, to get his team to function smoothly and they dropped the game to the Crimson team after leading at the half mark.

The next game on the home floor with St. Mary's was more encouraging, the Huron cagemen coming out on the long end of a 27-21 score. After journeying to Ferris, Ockerman's cagers were successful again but to Hope College they lost a heart breaker, being downed by the strong M.I.A.A. outfit 31-30.

Perhaps the poorest showing of the year came at Ann Arbor when the green and white cagers lost a humiliating game to the University team 29-11. Only Haidt and Hanneman were able to find the hoop for field goals. To redeem themselves the Hurons handed the Bearcats from Central State a trouncing and turned back Northern State on a northern trip.

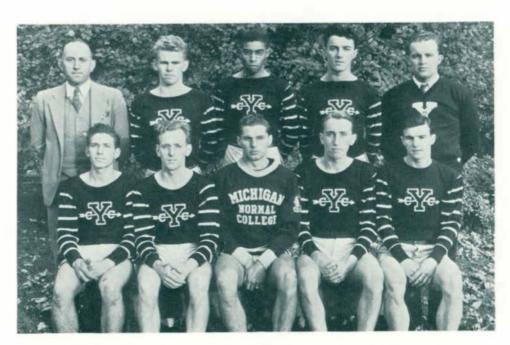

At Lansing where they met a strong Michigan State team the Huron cagers displayed the best basketball of the season thus far, but were finally nosed out in an over time period to take the short end of a 34-27 score. Coming out from behind a six point lead Ockerman's men showed what they could do under fire, but in the over time period the completely exhausted Hurons fell prey to a State attack. Considering the strange floor, and the strength of the state team that had beat Michigan earlier in the season, the green and white cagers made as fine a showing as has any Huron team in many years.

A trip to Chicago lowered the Michigan Normal cagers' record when they were defeated by St. Viator and Armour Tech. Ted Goode, one of Ockerman's best scorers was unable to make the trip.

Ferris and Armour Tech both offered thrillers for the local fans. The Huron basketeers won both games making two victories over Ferris and a revenge for the earlier defeat by Armour Tech. In the game with Armour the Normal cagers came from behind in the last six minutes, scoring 22 points and winning 32-23.

To finish the season in a spectacular way the Hurons succeeded in conquering Olivet, Central State, Hillsdale, Northern State, and St. Mary's of Orchard Lake.

By graduation Coach Harry Ockerman will lose but three men—Captain Benny Bayer, one of the cleverest, fastest, and smoothest cagers ever to play under green and white colors, Roy Ostlund, a consistently good player for the past three years, and Henry Maska, a valuable reserve.

Top Row—Coach Olds, Adams, Brockman, Zenowitz, Beckman (Manager). Bottom Row—Ory, Dunn, Captain Kahler, Bellman, Johns.

## CROSS COUNTRY SEASON

When Coach Lloyd Olds issued his call for candidates for the 1933 varsity harriers, he found that Bill Zepp, the Quinn brothers, and two or three other of his best men, according to past records, were missing. The men had obtained jobs during the summer pulling two wheel carts at the World's Fair and did not finish in time to enter school for the fall term. However, Coach Olds was not left without any material upon which he could place some hope since Captain Karl Kahler, Bob Dunn, and Chick Bellman all had ample experience in the hill-and-dale sport. Shortly after issuing his call for other possible cross-country men, the Huron helmsman soon had a likely squad doing daily turns about the course.

In a dual meet with Adrian College the Huron harriers had little competition and ran off with a perfect score of 15-45. Captain Kahler, running a fine race, finished the four miles in 22 minutes and 26 seconds. He was followed over the

finish line by Brockman, Dunn, Ory, Bellman, and Mason.

Kalamazoo College was similarly defeated in a dual match by a score of 16-40. Kahler again showed his ability by finishing 300 yards ahead of the nearest competitor. He was followed by Dunn, Bellman, Ory, and Brockman, Brockman finishing behind the first Kalamazoo runner.

In the interclass meet the freshmen ran off with the honors but Kahler distinguished himself by adding another record to his long list when he covered the

two miles in 10 minutes 14 3-5 seconds.

To represent Michigan State Normal in the National A.A.U. at Chicago, Coach Olds chose Kahler, Dunn, Bellman, Rosenkrantz, and Werbin, the two latter harriers being members of the freshman squad. Bill Zepp, who was working at Chicago, also ran under the Huron colors. When Bellman was forced out of the race with a bad knee, the Huron's hope for the championship fell and they were forced to take second place with Zepp finishing third, Kahler fifth, Rosenkrantz seventh, Werbin ninth, and Dunn twenty-fifth. Although Millrose A.C. won the meet, the green and white harriers had a better record for the first four men than the winning team. Other clubs participating were Butler University, New York A.A., University of Indiana, University of Wisconsin, Lincoln Park, Illinois Normal, South Park, and Ogden Park.

After a nine years' reign as state intercollegiate champions the Michigan Normal harriers relinquished their crown to a strong Michigan State team at the annual State Inter-collegiate meet at Lansing. Tom Otley, star runner for State, was first to finish with the good time of 22 minutes 28 seconds; Kahler finished fourth. The course was buried in eight inches of snow making the times turned

in excellent for those conditions.

In a dual meet with the University of Michigan, on the local course, the Ann Arbor men succeeded in handing Coach Olds' men their third defeat in eight years in dual meets. Kahler again finished first with the good time on a soggy course of 22:34.5.

Detroit Tech furnished little opposition for the Huron distance travelers and the local boys succeeded in turning in another perfect score in the dual meet.

The following week the green and white boys were again forced to take a second place when Michigan State won the Central Inter-collegiate meet. Western State, Notre Dame, and Ball Teachers' College placed in the respective order.

In general the 1933 cross-country squad did not have the balance of previous years, but much must be said for the record that was turned in considering the handicaps and lack of experience with which the small group of Huron runners started. Every man on the team gave his best in making the year successful, and it was hard, determined work that made the season what it was.

Captain Karl Kahler, star runner for the Hurons and nationally known as one

of the best all around runners, will be graduated in June.

Top Row—Mroch, Benedict, Ingram (Manager), Brockman, Baker.
Second Row—Coach Olds, Bilto, McCorry, Gavrilavicz, Eberhard, Welever, Allman, (Trainer).

## VARSITY TRACK

Indoor

With one of the smallest track squads in years, Coach Lloyd Olds was presented with the problem of rounding out a winning team to uphold former track records of green and white teams. Many of the members of the squad were compelled to double up in events because of the few candidates and on several occasions only a mere handful of Huron tracksters were taken to compete in events. In many cases this prevented the possibility of a large team score, but in every case these few thinclads scored heavily.

The first real competition for Coach Old's men came at the A.A.U. Relays at Ann Arbor. The Huron team showed little of its former team balance, Lowry turning in the only first place when he out-vaulted Hunn of Michigan. In a matched relay between Michigan State, Western State Normal, and Michigan Normal, the green and white thinclads captured a second place after a thrilling

race with Western State Teachers.

In a dual meet with Butler, the Hurons had little difficulty in emerging victorious; but at the next meet at Lansing in the State Intercollegiate Relays, the competition was much greater, and Old's tracksters were unable to take high score. However, the one mile relay team revenged themselves on the strong State quartet for an earlier defeat at Ann Arbor and set a new track record of 3:41.5 minutes. Ray Lowry, star Huron vaulter, and Captain Hershey in the 440 yard dash also gained first honors in their events. Other point winners were; Rutkowski, second in pole vault, Glickert, third in the high jump, in addition to fourth in the high hurdles, and Rockwell third in the shot put.

In a triangular meet with the University of Michigan and Michigan State, Coach Old's men made a good showing although out-pointed by the two other teams. Lowry again took first in the polevault with a record leap of 13ft. 81/4 in. The mile relay team captured in that event with the unusual time of 3:25.4. Rockwell, in putting the shot 44 ft. 91/2 in., took a first place and Captain Hershey

tied for first place in his specialty, the 440 yd. dash.

At the Central Intercollegiate at South Bend, the Hurch lost the title gained a year ago and were only able to take fifth place. Lowry was the only Hurch

performer to come up to expectations.

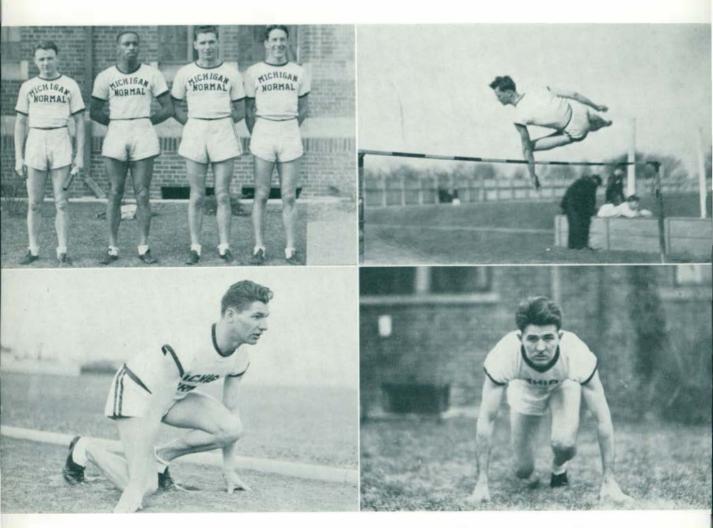

The Armour Tech relays at Chicago found the Michigan Normal thinclads again functioning in first class style, and they were able to capture a tie for first class style, and they were able to capture a tie for first with Northwestern. The mile relay team composed of Walton, Baker, Hershey, and Kahler captured two firsts, one in the one mile relay in the record time of 3:25.9, and the other in the medley relay in the good time 3:36.4. Lowry with a leap of 13 feet, 4 inches took first in the polevault.

After being rather unsuccessful at the Butler relays, the Hurons again staged a comeback to place third at Cincinnati against such teams as Ohio State and Indiana. The Huron team was composed of only five men who succeeded in gaining a score which fell little short of the winning team. Rockwell took first

in the shot put with a record heave of 45 ft. 6 inches.

Coach Lloyd Olds will be minus the services of several of the most capable trackmen in the history of the school next year when the call for candidates is issued. Among them will be Karl Kahler who has perhaps won more medals and scored more points during his track experience than any man wearing green and white colors in recent years. Another big loss which will be hard felt is Dean Rockwell, who has developed into a winner in the shot put. Ray Lowry, the first Huron vaulter to consistently leap higher than 13 feet, will also be lost. Lowry is nationally known for his records in that event. In the graduation of Captain Merrill Hershey, Coach Olds will lose one of the fastest 440 yd. men in this state and in many others. Hershey has been a spectacular runner in champion Huron mile relay teams for the last two years.

### 1934 BASEBALL SEASON

Losing practically all of the 1933 baseball squad, Coach Harry Ockerman worked desperately to whip together a Huron squad which might go through a stiff schedule in a winning fashion. The first two weeks of practice found the green and white pastimers with two or three candidates for each position. The pitching staff, however, seemed to narrow down to Johnny Johnson and Ernie Dilts as "southpaws" and Tim Quinlan, Jim Dirkse and a few others as right handers. Behind the plate Bob Packard, about the only veteran, appeared to be the main stay.

The first test for the Huron's came at Lansin gagainst a strong State nine that had won a pair of games already in the season. Ockerman's pastimers, playing their first game of the year, made frequent errors which undoubtedly caused their defeat, but they were only defeated after a game battle in which the green and white batters located State twirlers for nine safeties, as compared to State's seven. Quinlan started on the mound but was relieved by Johnson after three innings. Worzniak led the hitting with three safeties.

Returning to the home diamond for a game with Hillsdale the following Saturday, the Huron pastimers were more successful and downed the strong Dales 5 to 4 in one of the most spectacular games witnessed on the home diamond. Johnny Johnson, Huron sophomore twirler, who relieved Dirkse after the third inning with the score 2 to 0 in the Dales favor, was the hero of the day when he clouted out a circuit drive in the ninth to break the 4—4 tie. In the previous inning Moroz, batting for Maska, started a Huron rally which tied the score, when he placed one over the fence with a man on base.

The next games were played on foreign diamonds when Coach Ockerman took his men to Chicago to meet the Armour Tech nine, and on the return trip the Hurons engaged Hillsdale for a return game. At Chicago the Normal pastimers won a rather loose game by the score of 12 to 9. Quinlan pitched the entire game.

Returning to Hillsdale, the Hurons continued their winning streak to make it two in a row over the Dales. However, it was only after a late rally that Ockerman's men gained the lead. Wendt, sophomore on the Huron squad, secured a long drive which netted him four bases. Johnson stayed on the mound for the nine innings.

At Ann Arbor against the University of Michigan nine, Ockerman's protegees were unable to continue their winning streak and dropped a close game, 3 to 2. The Hurons scored two runs in the fourth, when Bob Packard, Huron catcher, made a circuit drive with Wendt on base. The Ann Arbor boys let this lead last but one inning, after which the score was tied. In Michigan's half of the ninth inning a triple and then a wild pitch by Johnson cost the Hurons the game.

### GOLF

With a team composed of three veterans—Captain Jake Close, Ward Dunlap, and Ted Goode—and a rookie, John Chandler, the Michigan State Normal College is represented on the links by the best team in the history of the school. It is a team which has balance and consistency.

The season was opened on April 25th with a decisive 17-1 victory over Adrian College. Detroit Institute of Technology invaded Ypsilanti April 28, only to be defeated 16½-1½. The following Sunday the Normal linksmen traveled to Westchester and defeated a picked team of players 9½-8½. On Wednesday, May 2, Wayne University came to Ypsilanti with a group of golfers who were far above the average. It was a bad afternoon for the Ypsi team, and they were defeated 15½-2½. On May 4th the Normal team was scheduled to play the strong Dayton University team, which did not show up at the links; thus, Normal won by default. A successful season seems to be in the making, with four out of five matches won, and the prospects for the rest exceedingly good.

The prospects for next year are bright, since three of this year's men return. The only one to be lost is Captain Jake Close, veteran of three years. Wilbur Wilcox, substitute on this year's squad will also return next year. In addition there is a wealth of material in this year's freshman class, so it seems inevitable that formal will again be represented by a good team.

### FENCING

A sport for even the kingliest of kings and a science worthy of the closest study is fencing, and many years of popularity have firmly embedded it in the hearts of thousands of people. The noble art of attack and defense with the foil is one of the oldest diversions having wide later-day vogue. The fact that it has held its own with the multitudinous pastimes of the present period speaks volumes in testimony for the fascinations of the play and clash of steel.

Sponsored by the Men's Intramural department, fencing was introduced at Michigan State Normal College for the first time this year. The team was coached by James Letts, a student, who had previous fencing experience at the University of California. Under his able leadership, Yates Kennedy, James Murphy, Robert Elder, and Edward Zapata developed into proficient handlers of the foil, these four with their coach forming the team.

Several contests were arranged for the team, but owing to schedule difficulties only one of these took place. In this contest the Ypsi fencers met an experienced Lawrence Tech team of Detroit and lost on points only after a close battle. Scoring 90 points against Lawrence Tech's 82, the Ypsi foil men seemed headed for victory but finally lost on bouts with a score of 12-13.

With the growing interest in this new sport, fencing promises to take its place with the other athletic activities in which Huron teams excel.

CAPT. WARD LETTS BERNARD COACH SAMPSO STRATE ARNOLD SARGENTI

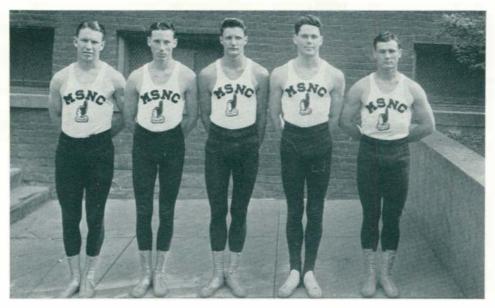

### TENNIS TEAM

Cold weather and wet courts prevented Coach Samson's netters from getting an early start so that the opening match with a strong U. of M. team found the Hurons without practice. The opening match on the home courts showed a new performing Huron net team, and they had little difficulty in turning back the University of Detroit, 7 to 2.

Coach Samson's first five netters were Tony Sargenti, Bob Arnold, Captain Wally Ward, Herman Strate and James Letts, and with that team he journeyed to Kalamazoo to win from Kalamazoo College, 5 to 2. Building his team around the veteran nucleus consisting of Ward, Arnold, and Strate, Coach Samson developed a capable team to finish the season.

### GYM TEAM

The 1934 Gym Team's season marked another milestone of successful gymnastic exhibitions. With three veterans, "Koski and his ladder act," "Hawk of the tricky knee," "Saunders with his false wigs", Coach Walter Adrion, and two new members, Zedric Thomson and Don Rock, the team continued its record of performances at numerous circuses throughout the state, namely: College Circus; Viking Circus at Jackson; Saginaw Circus; Jackson East Intermediate, Wyandotte High School, Ecorse Kiwanis Club, Hazel Park High, and Royal Oak circuses. In addition there were several individual exhibitions.

At Fremont, Ohio, the team performed creditably for one and one quarter hours before thirteen hundred students. Ken, "he of the tricky knee", demonstrated his versatility by performing excellently on both pieces of apparatus and ending with a brilliant exhibition of fast tumbling.

At the end of February Coach Adrion left to accept another position, so the team carried on to the end of the season by themselves. Then the spring term rolled around and Saunders failed to return to school, so with several engagements still to be filled it was necessary to find a new man. The young man to be chosen was A. J. Latin, who enrolled spring term. He is a very promising prospect and will be a valuable asset to the team next year.

By the end of the season the team had traveled more than fifteen hundred miles.

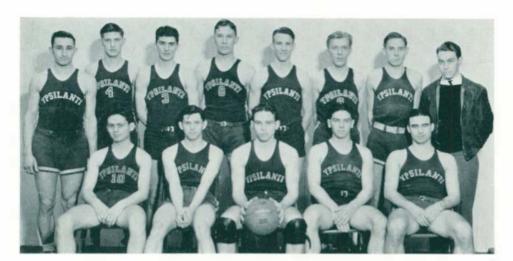

### FRESHMAN TRACK TEAM

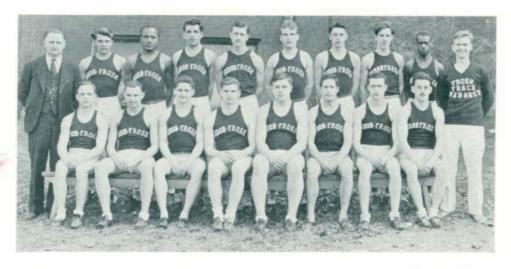

Top Row—Coach Allman, Drajila, Sabbath, Potters, Mathews, Hawthorne, Woester, Exworthy, Hughes (Manager) Summerhill.

Bottom Row—Blunt, Tyre, Rosenkrantz, McDougall, Skuban, Werbin, Schultz, Hall.

### FRESHMAN BASKETBALL TEAM

Top Row—Enot, Gilbert, Bartotti, Benedict, Rasbury, Blackburn, Place, Powers (Manager). Bottom Row—Novitz, Good, Wendt, Wilson, Roche.

Top Row—Jack Johns, Assistant Coach; Hoopfer, Manager; Hall, Frye, May, Thompson, Rosenkrantz.

Bottom Row—Morrin, Morto V, Werbin, Schultz, Drajila.

### FRESHMAN CROSS COUNTRY

Michigan State Normal Frosh	25	Ferndale High	10
Michigan State Ormal Frosh	20	Flint Central	35
Michigan State Normal Frosh	10	Wayne High	36

### I TER-CLASS

Frosh 10 Seniors 22 Juniors 23

The freshman harrier team of the 1933 season was one of the best in years due to the exceptionally experienced group of aspirants who were available to Coach Olds and assistant coaches Jack Johns and Roger Arnett. The team consisted of such men as Harry Werbin, formerly the national champion of the Millrose A.C. hill and dale team; Abe Rosenkrantz, a team mate of Werbin; Drajila from Detroit Eastern and holder of Detroit City cross-country title; Schultz of Detroit; Hall of Richmond, Ontario; and May of Erie, Pennsylvania, who remained in school only a short time.

Although the schedule was short the record shows a very successful season and another year will see many of the Frosh runners in varsity competition.

### FRESHMAN ATHLETIC SUMMARY

### FRESHMAN FOOTBALL

The freshman gridders of 1933 were privileged in having Dr. McCulloch, head of the physical education department, as their guiding hand. "Doc" has not coached for many years but resumed his former duties this fall. He was assisted by Joe Bloom.

A strong freshman team from Michigan State was the first to test Coach McCulloch's protegees. The Huron gridders, being much too light for the heavy

State team, lost, 25 to o.

In the second game with the Titan freshman from the University of Detroit, the Huron freshmen put up a much better fight but were defeated, 13 to 0. The Titan team out-weighed Coach McCulloch's aggregation twenty pounds per man. The Hurons were also greatly outnumbered. Although it did not win any games, the freshman team was valuable in locating material for next year's varsity football squad.

### FRESHMAN BASKETBALL

Not having a definite schedule, the freshman basketball team found it difficult to secure the desired competition in many cases. Most of the games were with local teams, including the Roosevelt and Lincoln High Schools. A Tool Shop eleven from Detroit and the Dearborn Kiwanis furnished the opposition from outside districts. Of the total twelve games played, the Huron freshman won eight, thus making a successful season.

### FRESHMAN TRACK

Coach Del Allman was very fortunate in having material turn out for freshman track squad, and with this material he produced a very successful group of thinclads.

To represent the Huron frosh at the State Intercollegiate relays, Coach Allman took only his two mile relay team composed of Stan Schultz, Abe Rosenkrantz, Harry Werbin, and Bowman Hall. They had little difficulty in winning their event.

A dual meet with Ann Arbor High School proved very successful and the Huron freshmen won 56½ to 28½. The yearlings won seven of the eleven events.

The freshman thinclads finished their indoor schedule by defeating Detroit

Y. M. C. A. 46 to 13. Hawthorne was high point man for the squad.

With such men as Werbin, Schultz, Hawthorne, Rosenkrantz, Hall, Skuban, Frye, Hoopfer, and others, the freshmen outdoor season should be very successful, although a tough schedule awaits them.

### FRESHMAN BASEBALL

Freshman baseball practice was slow in getting underway but Coach Rynearson hopes to have a team which will compare with those of former years.

ALEXANDER

IOHNS

Rabovsky

Dirs

### INTRAMURAL ATHLETICS

Intramural athletics have seen another successful year under the director, L. W. Olds, who established the department as a branch of physical education in the college year 1921-22. It has grown from a small organization of fifty men participating in six sports until now it comprises four hundred men, in twenty-six branches of athletics. In order to facilitate activity, the intramural department functions in four major leagues: All-Campus, Interhouse, Class, and Fraternity.

In accord with a policy adopted last year, the twenty-five most active men in the Class League will receive the official gold intramural charm at the end of this

school year.

### THE FACULTY

Education of the future must add to its present accomplishment a more thorough diagnosis of every student and then modify its offerings so that each student will be given opportunities to develop along lines of his or her potential ability.

A A METCALE

I hope the education of the future will help more students to think clearly.

H. L. Smith.

I feel that the educational millenium would be "just around the corner" if we had the following: sounder scholarship from self-motivated students; more adult treatment of students by their instructors, with all the disconcerting consequences; the elimination of two-thirds of the extra-curricular organizations; and some real courses in good manners.

C. F. HARROLD.

It is the business of education to help every child to become the best asset and support of the species life that his own native capacities and the culture of his time make possible; and it is the proper business of society to afford him in adulthood the opportunity to live the values that he then exemplifies.

O. O. Norris.

To think deeply, to ponder reverently, to work joyfully, to love greatly, to adventure fearlessly—these are the great objectives. To seek them is to follow wisdom like a star.

E. Estelle Downing.

### SEES EDUCATION

If we would carry from the kindergarten up through the secondary school and college a growing awareness of each and every social group to which we belong, including the pattern traced by the mutual relationships of these groups, and emphasize at the same time the fact that this is a changing world, we would do much to create within the spirit of youth the social consciousness and social responsibility which the human race so greatly needs to attain.

BERTHA G. BUELL.

To prevent the world from returning to barbarism, the education of the future calls for something other than penalizing the radical and reckless students; it requires such training of wise students as will inspire them to acts of great courage.

Lydia I. Jones.

So-called frills in the school of yesterday are the essentials of today because the working span of life has been shortened at both ends, thereby extending the period of youth and of old age, and demanding better preparation for wholesome leisure time in music, art, dramatics, etc.

H. L. TURNER.

I should like to see a change in the minds of all college students to an emphasis on learning instead of on grades and units; and I should like to see students and teachers working in co-operation to train the former for a fuller participation than hitherto in all activites of the commonwealth; to the end that society may become increasingly better.

G. D. Sanders.

The greatly to be desired socialization of our educational system might, in part, find fulfillment by organizing the public schools into small units of pupils and teachers living together in the form of co-operative old-fashioned families, largely self-supporting in their shared activities; their experiences interpreted by experts (sages) speaking to them personally and thru books and other media.

JESSIE PHELPS.

Education must be differentiated so as to meet, to a greater degree than it has yet done, the needs of the individual child.

C. M. Elliott.

### SENIORS LOOKING BACK

If "we are what the obstacles that we have met have made us", then it is the duty of education, for the benefit of posterity, to teach us to evaluate, appreciate, and utilize those obstacles.

CLAUDINE STEFFEK.

When a person realizes that he knows nothing, but has an irresistible desire to correct the *status quo*, then he is educated.

WILTON SLOCUM.

Education is the storm after the calm of ignorance.

FRANK CHAPEL.

Education is a funny thing—those who haven't it are ready to go through hell-fire and brimstone to get it; those who have it don't know what in thunder to do with it.

WILBUR C. HUBER.

Education is only a means of financial and social aggrandizement to the individual. If we could only forget honors and degrees, and concentrate on improving human relations, we would have a truer concept of real education.

WILLIAM CHLOPAN, JR.

A more co-operative spirit should exist between teacher and pupil: a spirit which will inspire the pupil to do something great—to find a task, see it through, and keep standards high.

MARY ELEANOR ANDERSON

### "COUNTY FAIR"

In the form of a "County Fair", the annual Co-ed Prom was held at Charles McKenny Hall on Saturday evening, March 3, 1934. Directed by Katherine Brady, general chairman, the guests at the "Fair" enjoyed an evening of countrified fun and frolic.

The crowd was welcomed by the Mayor; after which, a short program of hometalent was presented.

The fortune-telling booth, conducted by an intriguing gypsy, proved to be one of the most popular features. Ruth Crawford's one-minute life sketches also were much sought after by the visitors.

Dancing to the tunes of a real country band, however, was the main attraction of the evening; and led by a few ambitious girls, a peculiar dance known as the "la Rovinski" was beautifully, if energetically, done.

Prizes were given to the most clever, beautiful, depressing, and amusing, individual costumes, and to the most interesting couple. The individual prizes were won by Wilma Mayo, Gladys Varbedian, Florence Lawton, and Mary Claire Rice; and the couple prize by Jane Renton and Edith Drew. The judges were Miss Elisabeth Carey, Miss Estabrook Rankin, and Miss Lydia I. Jones, Dean of Women.

The end of a perfect evening came with the serving of refreshments. Slowly the booths closed, the dancing ceased, and another Co-ed Prom became a memory.

### SHAFTS OF

### **PROMENADE**

Bright in the east the sun arose
Peacock on high
Scraping the clouds with his slender toes
Paced he the sky

Dark in the west he slipped from sight
Dropped from the skies
Spread out his tail for the cover of night
Dotted with eyes.

Кеітн Сох.

### **GROPING**

Oh, why does God create a seed
That seems with promise filled,
Then cast it down in shadowed damp
To be by darkness filled?

Oh why does God create a flower
That needs the kindly sun
To draw across the skies a cloud
Till its brief span be done?

Oh why has he instilled in me
A longing for success,
But giving me two knowing eyes
To see my puniness?

Oh why have I not found the sun, And why have I not grown? Am I but one more fruitless seed On barren rock soil sown?

VIVIAN LANTZ.

### WIND BELLS

My heart, this early morning, is like a Chinese chime, Trembling when the wind blows, and tinkling all the time; Where the rising sun's reflected in a narrow strip of glass, With the clouds that lie about it, and the flowers, and the grass.

Keith Cox.

### LIGHT

### ON READING EDWIN ARLINGTON ROBINSON

Could I but grasp the thoughts within me born And mold them into words before they fade Away and vanish in the gloomy shade Of idle dreams, I then would scorn All other written wisdom, and adorn The pages of a book with lines I made. But my tongue is weak and faulty. I'm afraid My slow and stumbling words would be forlorn Of beauty. Thus I seek a greater man To speak for me—to say what I desire; And hope that from his living flame I can Kindle my own torch with his soul's fire, So that, in time, I may in some small measure Within myself, produce one deathless treasure.

AL POTTS.

### 'TIS IDLE THOUGHTS THAT BUILD OUR WORLD

No philosophic calculation ever bore
The pregnant seed of dreamer's lore;
Nor weighty reasoning ever had erected
A bulwark half so strong as idle thoughts projected.
It was some dreamer's idle soaring in the sky,
Not reason, that taught men to fly.
'Twas not the draftsman poring o'er his charts,
But dreamers, who put hope in humble hearts.
'Twas not the soldier bearing flags unfurled,
But idle thoughts, 'tis they have built our world.

One of reasoning's strong contentions
Restricts the man to men's conventions,
But idle thoughts seek not to bind
Nor hinder man from seeking heights sublime.
We owe our progress, not to men of reason,
But, rather, to the men who sat and dreamed a season.
All reason plans for man's destruction,
His death, the end of its instruction.
It is reason figured out a way to kill
A million men because of one man's will.

Reason teaches us discrimination; The dreamer, seeking truth, makes all one station. While reason teaches with one thin lip curled 'Tis idle thoughts that build our world.

RALPH STEFFEK

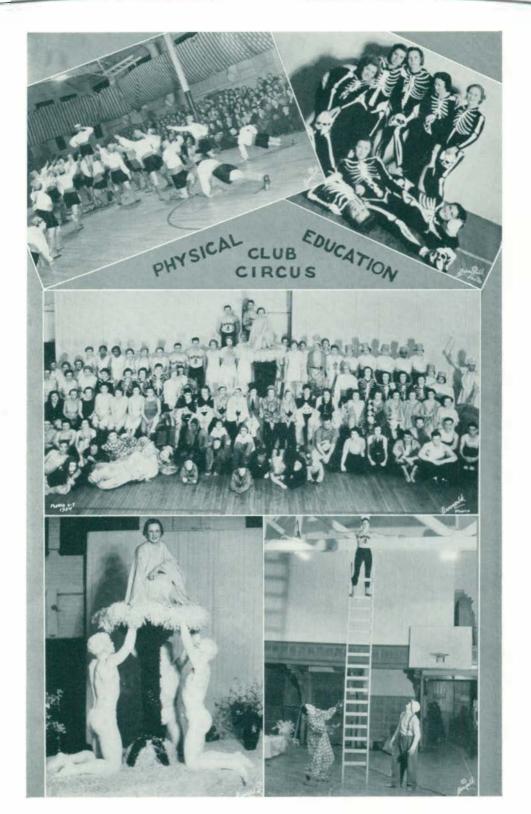

### JANITOR JIM

Old and bent,
And stooped with years
Is Jim.
But stored away
Beneath his grey
And crinkled hair
There's a lot
That I could learn.
We call him just
A janitor.
And yet—
When you and I
Are old and bent,
And stooped with years,
Will we
Be wise as Jim?

Margaret Sanders.

### THE CIRCUS

Featuring fourteen stupendous acts the biennial Physical Education Club Circus erected its "big top" in the west gymnasium, and on the evenings of March sixth and seventh showed to a packed tent its colossal exhibition of skillful, daring artists, and trained wild animals. In an atmosphere of sawdust and peanuts, clowns, pink lemonade, and monkeys, a program of gaiety and hilarity, as old and as popular as the college itself, was presented for two hours.

At the crack of his whip, the veteran of many a college circus, Ringmaster "Bingo" Brown, began the big show with the traditional parade of all participants. This giant review was followed by one spectacle after another in professional smoothness. The grand opening, featuring the butterfly dance of Ianice Rappleve on a float of statues, was the most beautiful sight of the evening. The unusually fine lighting effects made the posed statues appear to be the work of a skilled sculptor. Then in sharp contrast, Thelma Schram, as Mrs. Clyde Beatty, directed her trained animals through their difficult acts with an amazing ease. Her three immense elephants performed with nearly human accuracy and drew a tremendous ovation from the crowd when they were required to do a most dangerous stunt, that of stepping over the reclining body of their mistress without injuring her. In addition to her trained monkeys and bears, her dinosaur, the only living prehistoric monster in captivity, and her giraffe, boasting an esophagus of more than ten feet, Mrs. Beatty presented her educated horse which danced gracefully all the modern steps of the day. Next, and still more unusual, was the grotesque and fascinating scene, A Skeleton Dance, by twelve freshmen as it was witnessed in a dim twilight. For the aerial features without which no circus is complete, an especially skillful exhibition was given by Betty Mitchell, Thelma Schram, Jeane Smith, and Caroline Salisbury on the swinging ladders. Performing like circus veterans, time after time they drew applause from the crowd with their daring stunts.

Outside school talent was displayed in the act of Flag and Flag, with Jack Flag thrilling the audience by his balancing act and his uncanny handling of cannon balls. A tap dance review with a specialty number by Grace Bourassa, the Ladder Pyramids, the thrilling Roman Chariot Race, and the Italian Street Singers, all kept the audience in suspense for the final gymnastic acts of the Normal Tumbling Team, with Tierra Koski the outstanding artist of the evening. Koski, while balancing on the top of a twelve foot ladder, skipped the rope and juggled Indian Clubs with ease.

The great finale of the circus came with the Zouave drill of thirty-two girls who marched with a precision that was very impressive, ending in a final pose with the American flag.

### ACKNOWLEDGEMENTS

Our task is now finished. In the fall we were confronted with a much reduced budget, a result of general economic conditions, smaller enrollment, and a decrease in campus organization funds. In spite of this handicap we have tried to maintain in this Aurora the high standards of the past. As being invaluable in making this possible, we wish to thank:

The members of our staff for their ever-ready services.

The faculty for its co-operation in instituting a new section.

The student body for its aid in making this book financially successful.

We also express thanks to:

THE SERVICE ENGRAVING COMPANY

MILLER'S STUDIO

ROGER'S PRINTING COMPANY

SMITH-MOLLOY COMPANY

for their kind co-operation, ready suggestions, and helpful directions.

Arvilda Merryman, Editor Bill Fuller, Business Manager
