FOOLISH vine, sprouting green
In the midst of age and ruin,
Don't you know your clinging days
Will end—and very soon?

Can't you hear the wrecker's call
And the falling timber's boom?
Doesn't the wall beneath you shake
With a prophecy of doom?

Your brothers around you
Content to die with Fall,
Knowing the season is ending the year—
And the era of Old Pierce Hall.

ADMINISTRATION

PRESIDENT EUGENE B. ELLIOTT

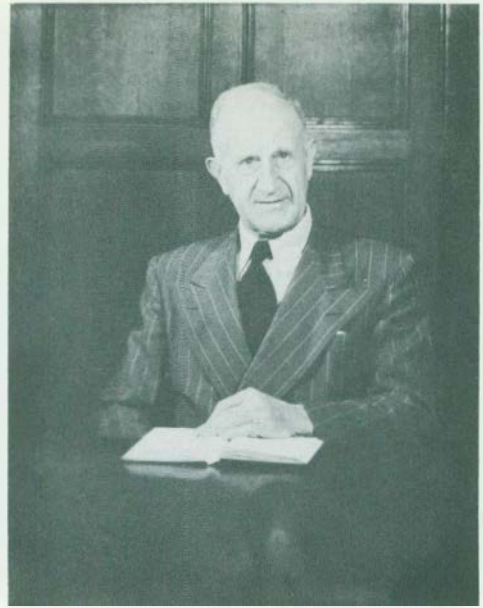

Eugene B. Elliott assumed the duties as President of Michigan State Normal College in July of 1948. He received both his B.A. and M.A. from Michigan State College and his Doctor of Philosophy degree from the University of Michigan. Before coming here Dr. Elliott was State Superintendent of Public Instruction and has been most active in educational affairs throughout the state.

He is a member of Tau Kappa Epsilon, Phi Delta Kappa, Phi Beta Kappa, the American Research Association, and the American Association of School Administrators.

The Aurora Staff join with the entire student body and faculty in welcoming President Elliott to the campus of Michigan State Normal College.

COMMITTEE OF THE WHOLE

The Executive Committee

The members of the EXECUTIVE COMMITTEE have had the task of managing the Committee of the Whole for Student Government. The chairman, Ray Daniels, has presided over the meetings and set the stride for other members. The corresponding secretary, Mary Jo Baldwin, has notified all members of the meetings or other important business, and the secretary, Nancy Beaugrand, has kept accurate account of the business meetings.

Legislative Committee

The legislative committee organized and selected a chairman on March 8. At that meeting the work of the committee was defined and various ideas were introduced as to the formation of the legislative body and its powers. Much careful planning is needed and expected of the legislative committee, since its duty is to create the legislative body of the Student Council of Michigan Normal.

Finance Committee

The finance committee of the committee of the whole has the responsibility of submitting a budget for the remainder of the school year, to find the means by which the Student Council can derive the funds necessary to carry out its vast program of student activities.

The members of the finance committee were Hugo Perri, chairman; Frances Johnston, secretary; Angelo Angelocci; Jim Eyles; Rudy Kamischke; Neil Collard; Rex Starks.

FOR STUDENT GOVERNMENT

Athletics and Associative Area Committee

The Committee on Athletics and Associative Areas comprised of six members worked on and completed their particular section of the Student Council Constitution. They placed their resolution before the Committee of the Whole and now it awaits the judgement of the students of M.S.N.C.

The Assembly Committee

To the ASSEMBLY COMMITTEE has been given the task of setting a constitutional course for the student government to follow. The purpose has been to initiate a means by which the students might be able to have their assemblies typed and to create more student interest in Pease at each and every assembly. The following are members of the committee: Ralph Johnson, chairman; Ann Tiffany, secretary; Marjorie Mull, Marvin Baum, and Anne Crossman.

Coordinating Committee

The purpose of the Coordinating Committee of the Michigan State Normal College is to regulate the activities between the faculty and the student body. By our efforts, we hope to develop more fully the present harmonious relationship with the college faculty. The members of this committee are Joan L. Gilles, Marshal Amerman, Roger Armour, Rudy G. Ruppe and Robert Wilson.

Publications Committee

The Publications Committee of the Committee of the Whole consisting of Betty McClelland, Vidal Garcia, Hiram Nakamura, Sam Edwards, and Duane Bondy has been progressing rapidly with the writing of that part of the constitution regulating student publications. As the Normal News and the Aurora are for the students, those publications should be controlled by the students as much as is possible under the charter of the college, and that goal is the aim of the committee.

Student Union Board

The purpose of the Student Union Board of Michigan State Normal College is to regulate the activities of the students in all activities either emanating from, or held in the student union building. The members of the board are Dick Mendenhall, Jim Carmen, Jim Wichterman, Eleanor Knowle, Ruth Cark, Mary Louise MacLachlan, Joyce Hartung, Thalia Singleton.

Bill of Rights Committee

The purpose of the BILL OF RIGHTS was to write the Bill of Rights for the constitution of M.S.N.C.'s first Student Government. It was our goal to help establish this government, and it is our belief that this will promote better relationships among the students, faculty, and administration.

James M. Brown, Larry Cain, Herb Schaefer, Earl Burt, Gus Batsakis.

MEN'S UNION

THE Men's Union, composed of the men of this college, has as its purposes the perpetuation of college traditions, assisting the adjustment of the student to the campus, and the promotion of activities which will stimulate scholarship, character, college loyalty, and the spirit of service. It is the governing body of the men of this campus.

The Men's Union was first established on this campus in 1914. In the intervening thirty-five years it has sponsored many activities and cooperated with other organizations in any activities aimed toward the betterment of this college. The Union is noted for the promotion of such activities as the class games, homecoming, the annual Yule Log Drag, and fine assemblies featuring outstanding celebrities. This year the Union worked in conjunction with other organizations in the presentation of the Centennial.

Dean James "Bingo" Brown is the advisor for the Union. Herbert Schaefer was the Men's Union President. Earl Burt was the Vice-President for the first semester and was succeeded by Floyd Lamiman for the remainder of the year. Larry Cain was secretary and Angelo Batsakis was treasurer. The Social Committee of the Men's Union was Norman Johnson and Nick Thomas.

**Row 1: L. Dean Cook, Neil K. Collard, Floyd Lamiman, William W. Sinclair, Norman D. Johnson.
Row 2: Jack Lichty, Wilford M. Collins, Nick Thomas, Don Duff.**

The Executive Board helped with the enforcement of the "Green Pot," and worked on committees for the numerous activities of the Union.

Each class is represented on the Executive Board by two members, with the exception of the Freshman class which has one. Floyd Lamiman and William Sinclair represented the Seniors; Willie Collins and Neil Collard, the Juniors; Donald Duff and Dean Cook, the Sophomore Class; and the Freshman, Jack Lichty.

Several changes were made in the personnel of the Union after the first semester. Chester Borysewicz and Robert Fillfillan replaced William Sinclair and Floyd Iamiman as Senior Representatives; Douglas Smith replaced Neil Collard as Junior Representative; and Neil Collard filled Nick Thomas's position as Social Representative.

MEN'S UNION

Marion Eberle, Sara Woodside, Margaret Beis and Electa Smith

WOMEN'S LEAGUE

THE Women's League is the campus women's organization of student government. Made up of all the registered women students of the college, the League sets as its purpose the developing of a feeling of responsibility, leadership, cooperation, and democracy among the women.

This year, as in years past, the Women's League has been a leader in campus activities. After taking part in the Homecoming Parade, attention was turned to the Harvest Hop. This dance, the first formal of the year, was sponsored by the League. Helping to bring to the campus the spirit of Christmas the Women's League decorated McKenny Hall for the Yule-tide season.

Women graduates of February were honored at a reception given by the League. The League also gave a faculty tea during the year. The Women's League has been instrumental during the year also in bringing many noted speakers in for the Campus Forum, and publishing a hand-book to aid new women students on campus.

Aided by the advisors of the League, Dean Hill and Assistant Dean Rudin, each spring the League holds an election at which time new girls are elected to hold office for the coming year. This year the election was held March 23, electing girls to uphold and carry on the worthwhile projects and traditions of the League.

Standing: Lois Clements, Barbara Hughes, Patricia Saad.
Seated: Nicolina DeAgostina, Berta Lou Nique, Sara Woodside, Shirley Wetmohe, and Mary Gray.

ADVISORY BOARD

THE Advisory Board counsels the women in the rules and regulations on campus. The Board is made up of eight members elected at the spring election and the Vice-President. There are five upperclassmen and three sophomores. Their duties are to discuss problems of social conduct and enforce the social regulations set up and accepted by Women's League. The Board meets every week. Sara Woodside, Vice-President, was chairman of the board.

Row 1: Jeanie Kanno, Dorothy Banks, Marion Runkle, Maudine Mason, Lois Phillips
Row 2: Marion Eberle, Electa Smith, Margaret Beis, Miss Rudin, Sara Woodside, Unabelle Emm, Barbara Smith.
Row 3: Alice Scott, Jan Thompson, Patricia Johnstrud, Barbara Warner, Elizabeth McGregor, Dorothy Fry, Evelyn Pratt, Gloria Walton, Georianne Creamer.
Row 4: Jean Bartlett, Mary Beauchamp, Nancy Lee Burrell, Dorothy Johnson, Christine MacConnell, Garnet Knack, Ruth Oakes.

EXECUTIVE BOARD

THE officers are girls who are interested in the women's affairs on the campus and show leadership. This year's officers were: Margaret Bais, President, Sara Woodside, Vice-President, Electa Smith, Secretary, and Marion Eberle, Treasurer.

The Women's League Executive Board is the governing and policy-making body of our campus. It consists of the chairmen of the various committees, representatives of dormitories, members-at-large, community service chairmen, and officers. Meetings are held bi-monthly. Margaret Beis, President of League, presided as President of the Executive Board.

Back Row: Neil Collard, Carol Climer, Nick Thomas
Front Row: Norman Johnson, Barbara Warner, Miss Hollis, Russell Loesell, Jeannine Kanno.

STUDENT SOCIAL COMMITTEE

COOPERATING with the Social Director, Miss Adelyn Hollis, were the following members of the All College Student Social Committee: Chairman Russell Loesell and Carol Climer, Neil Collard (II Semester), Jeannine Kanno, Norman Johnson, Nick Thomas (I Semester), and Barbara Warner.

This committee has sponsored a Kresge dance every Wednesday from 6:45 to 7:45 and week-end dances such as the Cabarets, Hobo Hop, Homecoming Dances, and a Girls' Bid Dance.

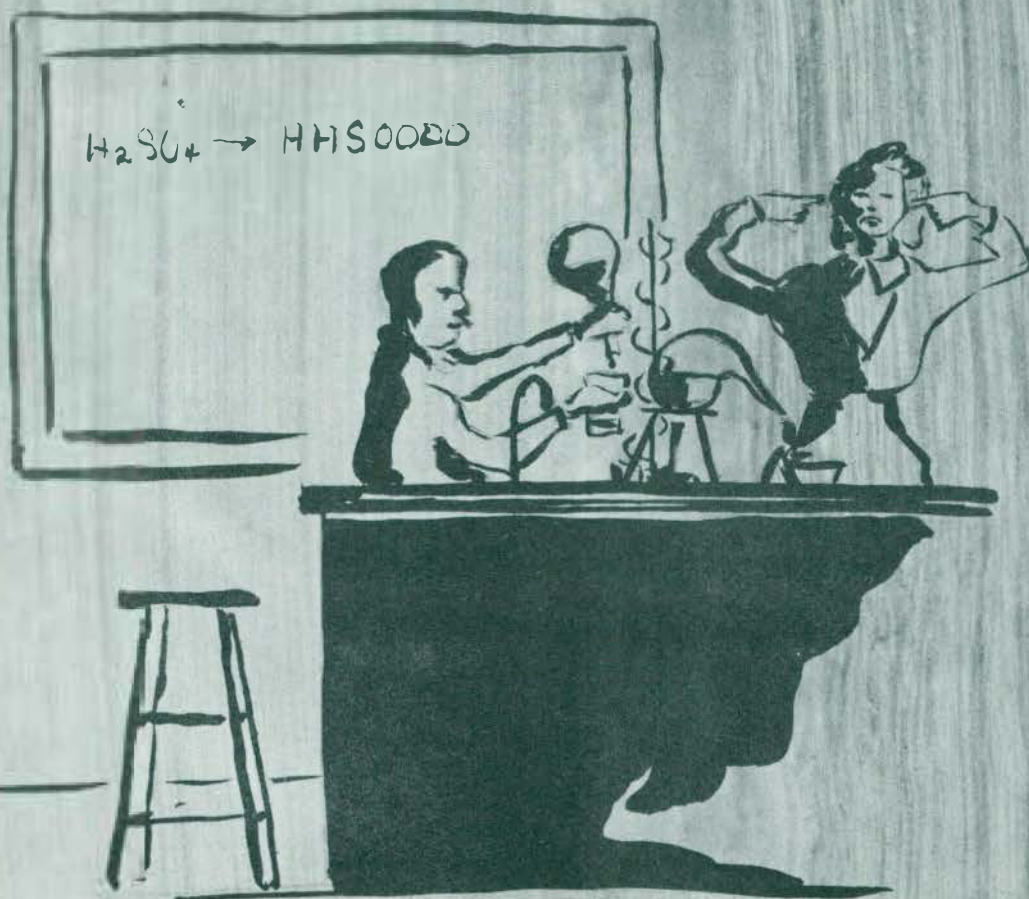

The dance lessons given each semester as well as the class parties the first week of school were planned by this group.

In addition there were free record dances, square dances and bingo parties. A skating party, hayride, and a Wayne King concert were also events planned by the committee.

Although the ever popular Christmas party is sponsored by this committee it is made possible only by the fine cooperation of all campus organizations.

There was an average weekly attendance of 624.7 persons attending events each week that were sponsored by the All College Social Committee.

SPECIAL EDUCATION

DURING the summers of 1915 and 1916 the State Board of Education organized training courses for teachers of handicapped children in Michigan Normal. Professor Charles B. Elliott was placed in charge in 1917. Under his leadership tremendous progress was made in the development of the School of Special Education. The first laboratory class was organized in 1918—a class of slow-learning children. Within a few years classes for Crippled Children, for Deaf and Hard of Hearing Children, for Teaching Speech Reading to Adults, and for Sight Saving were added.

The State Board of Education jointly with the Michigan State Normal College established a center for training teachers of handicapped children in Detroit in 1920. In a few years the State Board of Education designated Michigan State Normal College to train Special Education teachers. Professor Elliott was placed in charge of this work.

Gift of a special building by the Horace B. Rackham Fund of Michigan in 1940 has greatly facilitated the work. Professor Elliott died shortly after the new building was dedicated. He was succeeded by the present director F. E. Lord, under whose supervision the school has expanded to offer graduate work through the University of Michigan and is one of the few Occupational Therapy curricula in the country.

Row 1: Tom Cosgro, Floyd Pousha, Shirley Pearson, Margaret Pullum, Donna Cooper, Delores Lara, Nancy Sutton, Nancy Beaugrand, John Groos, Kenneth Heasley.
Row 2: Edna June, Bonnie Buttolph, Pat Lambert, James Geary, Mr. Lord, Jean Little, Nancy Wiggin, Nancy Onley, Lois Bush.
Row 3: Donna Campbell, Gretchen Gaffield, Marie Folsom, Lois Hackett, Mary Beauchamp, Jean Eisenbeiser, Myrle Marifieren, Sally Dreyer, Mary Lou Ricica, Pat Halama, Betty Cobb.
Row 4: Fred Nowland, Earl Burt, Douglas Boyce, Thomas Naas, James Hesterly, Mike Kedzierski, Richard Johnson, Richard Kauffman, Charles Deschamps.

SPECIAL EDUCATION CLUB

THE Special Education Club began the year by holding a business meeting on October 14. On November 11 the club entertained a guest speaker from the Jackson Prison. The Organization entertained the dormitory children of Rackham School at a Christmas Party in December. In January, the club met with the Occupational Therapy Club to listen to Miss Wright. Dr. Lord, head of the Special Education Department on this campus spoke to the club at its February meeting. The year closed with a picnic.

The club has endeavored to develop a fund to be used by the Rackham School children for clothing, toys, and recreational activities.

Row 1: Judy Dugan, Margaret Ann Beis, Ann Juanita Covington, Barbara Sauder, Patricia Johnsrud.

Row 2: Carolann Wells, Doris Sutton, Beverly Granger, Miss Tmey, Unabelle Emm, Bonnie Lou Howard, Marybelle Conrad.

Row 4: Jean Kemble, Betty Gauss, Lily Ann Pearson, Joyce Hartung, Betty Raymond, Mary Troub, Shirley Braddon.

OCCUPATIONAL THERAPY CLUB

THE Occupational Therapy Club is an organization composed of students majoring in and interested in the profession of Occupational Therapy. The club was organized in the same year that the course in Occupational Therapy was introduced on this campus, 1941. All activities of the club are pointed toward the fulfillment of its objectives: to acquaint its members and the public with this particular field of work, and to identify its members with active associations within the profession.

This year's activities began with the club's entry in the annual Homecoming parade. At Christmas time the club engaged in four main activities: the production of the annual Christmas play which is performed for the children of Rackham School and for the patients of the Ypsilanti State Hospital; the making and sending of Christmas cards to other schools of Occupational Therapy and to the Occupational Therapy departments of affiliated hospitals; a sale of handmade Christmas gifts for the purpose of sending delegates to the National and State Occupational Therapy Conventions; and the presentation of a book to the children living in Rackham Dormitory in honor of the school's deceased founder, Professor Charles Elliott. Spring activities included a district meeting held on this campus, and attendance at a State meeting held at Eloise Hospital. According to a tradition of the club, each year the season's activities are culminated with a weiner roast in Sleepy Hollow.

CONSERVATORY OF MUSIC

Haydn Morgan; M.A.
Director of the Conservatory of Music.

Whan, Esther
Piano.

Faculty without pictures: E. Jacobson, E. Wortley.

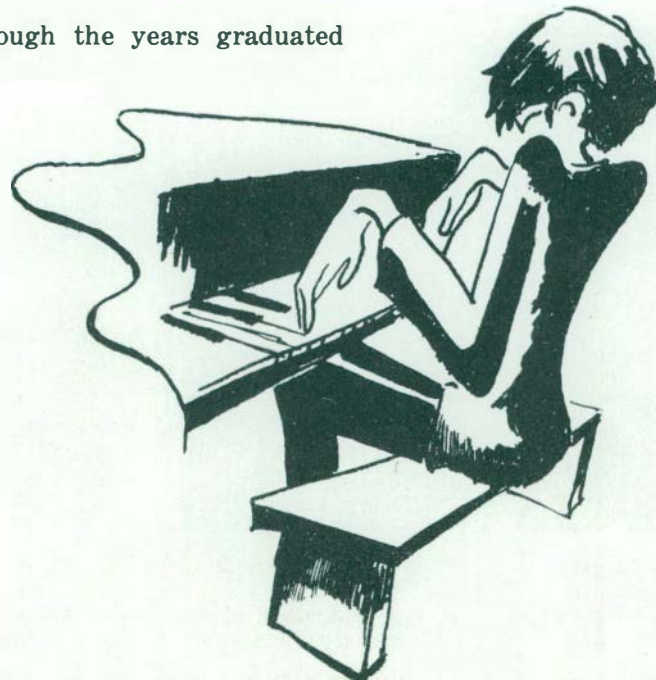

MUSIC DEPARTMENT

THE year 1854 inaugurated the teaching of music on the Michigan State Normal campus with Mr. Albert Miller as the Head. The department has grown continually since that time and afforded greater opportunities in the music field for those students attending here. The Music department now offers as well as applied music, theory, history, literature and appreciation of music as well as music education.

In 1880 the Conservatory of Music was organized by authority of the State Board of Education and offered to members of the student body the chance to add to their general culture and usefulness by becoming somewhat proficient in music. The Conservatory has as its aims: the training of teachers for public school music; offering the opportunity to persons who desire to study voice or an instrument; and the equipping leaders of orchestras, bands, mixed chorus and glee clubs through general musicianship, technique of conducting and the suggestion of literatures for the various organizations.

The Music Department has been especially busy this year with the preparation and presentation of faculty concerts, recitals, band concerts and seasonal concerts including the Christmas concert, Palm Sunday Concert and Haydn's oratorio, "The Creation" for the Centennial celebration in May, this last was a revival of an annual feature which had been discontinued during the war years.

The Music Department has through the years graduated many that have become distinguished in their field. The present staff is exceptionally strong and is well upholding the high standard which has been established by their predecessors.

ORCHESTRA

THE orchestra has carried forward the traditionally fine concerts presented in Pease Auditorium. This year the orchestra presented Mr. Robert Hoffelt and Miss Barbara Warner as soloists and assisted with the Centennial activities. The orchestra with the chorus presented the Palm Sunday concert and **The Creation**.

BAND

THE M.S.N.C. band is rapidly growing in size and is taking its place as one of the finest college bands in the state. The marching band played for all home games, and the concert band has played three concerts in Ypsilanti and others at various high schools. The band is directed by Wm. D. Fitch with Maurice Riley as assistant and George Benjamin as drum major. Soloists presented with the band this year were Mr. Hershale Pyle, Louis Gonda and Richard Peters.

CHOIR

THIS year the choir, formerly called Madrigal, has been very busy. Under the direction of Mr. Morgan, they presented programs before church groups, Kiwanis, Rotary Club, and assemblies; made trips to appear before other schools; and sang for the inauguration of President Elliott and for Commencement.

CHORAL UNION

OVER two hundred members in the Choral Union, formerly the choir, have helped to make this year's program a great success. Led by Mr. Morgan, they presented three major recitals—the Christmas Concert, the Palm Sunday Concert, and Haydn's *Creation* for the Centennial program.

Row 1: G. Gaffield, B. Knoblauch, D. James, H. Moyer, E. Pratt, M. DeNio, H. Kinney.
Row 2: L. Smith, B. Both, P. Irwin, B. Warner, E. Moscal, H. Menkoff, M. Mull, E. Seitz, M. L. Wagar,
M. Miller, R. Purcell, D. Henry, L. Ashby.
Row 3: E. Lewis, H. Rizner, R. Houk, R. Lenheiser, B. Caverly, L. Gonda, D. Slaker, P. Fleshner.

MUSIC CLUB

THE Music Club has seventy active members at the present time. The officers of the club are Herbert Moyer, president, and Barbara Knoblauch, secretary.

The Music Club has cooperated with other campus organizations in furnishing music for the all campus Christmas party and the Christmas sing. The group members have sponsored Sunday afternoon symphonic hours which have been enjoyed by many of the students and faculty. The one outstanding recital of the year is the presentation of original compositions. At this time the students in Miss James's harmony and counterpoint classes perform compositions which they have written.

The social activities of the club consist of a fall picnic or Halloween party and a Christmas party during the first semester. The second semester brings the formal initiation of new members. A major event is the Annual Music Conference which is held in March. Graduates who return often have interesting comments and suggestions to offer. The spring picnic is the finale to a year of working together in a mutual interest and appreciation of music.

Row 1: W. Caverly, R. Slaker, R. Johnson, L. Gonda, A. Gibbs, J. Mansfield, W. Lucht.
Row 2: Mr. Hoffelt, H. Reznar, W. Walker, H. Moyer, R. Lenheiser, R. Houk, K. Jacobs, E. Meade.
Row 3: Mr. Morgan, Mr. Fitch, R. Peters, Mr. Riley, R. Wilson, D. McFarland, C. Kowalczyk.

PHI MU ALPHA SINFONIA

ON JUNE 24, 1948, Delta Xi Chapter of Phi Mu Alpha Sinfonia Fraternity of America was installed on the campus of Michigan State Normal College. It is classified as both professional and honorary.

The purposes of Phi Mu Alpha are: (1) to advance the cause of music in America, (2) to foster the mutual welfare and brotherhood of students, (3) to develop the truest fraternal spirit among its members, (4) to encourage loyalty to the Alma Mater.

Phi Mu Alpha Sinfonia is the only national professional fraternity on campus. The history of the fraternity is one of interest. Since its founding fifty years ago, Phi Mu Alpha has grown to over one-hundred chapters, and over twenty-thousand members. Prominent Sinfonians are: Leopold Stokowsky, Howard Hanson, Demitri Metropolis, and Thomas Dewey.

The appointment of Mr. Robert C. Hoffelt to the position of Province Governor of the fraternity brought the college to the attention of the other colleges throughout the United States.

The Delta Xi Chapter has been under the leadership of Herbert Moyer as President, Robert Lenheiser as Vice-President and Winston Walker as Secretary-treasurer. Robert Houk and Howard Reznar as Historians.

Cataloger in Library.

ARTS BUILDING

AUDIO-VISUAL AIDS

Ralph Peterson, M.A.
Director Audio-Visual Aids

MICHIGAN State Normal College had begun an Audio-Visual service a few years prior to World War II. The attendant was called to serve in the Armed Forces and the Library responded in the various requests until the fall semester 1948. At that time Ralph G. Peterson, Assistant Professor of Education became Director of the newly named Audio-Visual Aids Center. Mr. Peterson taught for two years in the College Mathematics department before being appointed by President Munson to devote full time to directing the Audio-Visual Center.

The scope of the services which the Center renders today are chiefly concerned with two main avenues of supply. First: Providing teaching aids for campus instructors and the laboratory school's teacher training programs. Secondly:

Providing instruction on selection, utilization and evaluation of the Audio-Visual teaching aids through class work and laboratory procedures in the course 344—Audio-Visual Methodis in Teaching.

Under direction of their Supervisors the student teachers are permitted the same privileges of use of films etc. in their teaching as the regular faculty members. To cope with the requirements of the public school positions they will fill, development of their ability to select and utilize the proper teaching aids is incorporated into the planning of the services of the center. At the present time films, filmstrips, slides etc. are rented from the University of Michigan Audio-Visual Center for use here in campus and laboratory school classes.

As to the future aims of the Audio-Visual Center it is planned that the following services should be available:

1. Increase of the number of films owned by the college to insure rapid assignment of prints to the various departments.
2. Facilities for the production of class teaching aids such as slides, filmstrips, etc. on subjects peculiar to the field being taught, but not obtainable commercially.
3. Recordings—both disc and tap for practice purposes in such fields as English, Languages, Speech, Drama, Guidance etc. Also permanent record of addresses in important programs, meetings and convocations.
4. Besides the still picture records of events, pupil activities and studies, it is intended that motion pictures will provide a permanent record, for future use, of the student activities—both class work which portrays excellence in teaching, and also extra-curricular.

ART DEPARTMENT

THE philosophy and development of the Art Department has been the gradual outgrowth of a rich heritage of creative achievement. Drawing was taught in the Normal School and also in the Model School during the second term of 1853. The catalogue of 1861 mentioned lectures on "Object Lessons in Color and Form." The course in drawing was described as, "Real objects and not copies form the subject of the lessons and the laws of Perspective are learned by observation." The catalogue of 1873 stated that "drawing is the teacher's most efficient aid and it receives much attention." In 1882, "The course includes instruction in Free Hand and Object work, Perspective and Original Designing, Shading, etc. Consideration is also given to drawing as a means of education and to the relations of this branch of study to the affairs of practical life." The aim to do original work is further noted in the 1885 yearbook, which stated, "No drawing Books are Used. The instruction is given from the blackboard and large scale crayon drawings. The course also includes lessons in harmony and contrast of color. A special course in Methods of Teaching Drawing is given."

Professor John Goodison taught geography and drawing during his senior year at the Normal School, graduating in March 1860. The following year he was employed as a regular teacher. After a year at Eaton Rapids he returned to his Alma Mater to teach his special subjects, also Latin and Greek. During his spare time he conducted experiments in chemistry and learned the German language. Professor George said of Mr. Goodison, "No harsh or unkind word or act occurred during all these years to mar our friendship. . . . The specific qualities that most strongly impressed me as characteristic of him were his high moral and intellectual integrity . . . and the great virtues of industry, perserverance and patience." Professor Goodison taught from 1862 to 1869 and from 1885 until his death in 1892.

Of the many teachers who have taught art during the college century, the following will be remembered by many: Miss Fannie E. Goffe, Prof. Charles T. McFarlane, Miss Eloise Whitney, Miss Hilda Lodeman, Mr. A. Dwight Kennedy, Miss Bertha Hull, Miss Bertha Goodison, Miss Anna H. Olmsted, Miss Lota Garner, Miss Lida Clark, Miss Ethel Childs, and Miss Elinor Strafer.

Miss Goodison, an alumna, came to the college as an instructor in 1900. In 1901 drawing was made a separate department and in 1912 Miss Goodison was made head of this department, in the same year she organized the Art Club which she sponsored wholeheartedly for many years. Until her death on October 17, 1937, her keen interest in all phases of art, her skill in teaching painting, her patient understanding of all members of her department and her devotion to the interests of the college, endeared her to all.

The Art Department has continued to offer students the opportunity to do creative work and learn to develop child growth through art experiences. The members of the present staff believe with Robert Henri that "Art in one way or another is the province of every human being."

ART CLUB

SINCE the year 1912 students at the college interested in art, whether art majors or not, have allied themselves under the heading of "Art Club" to enjoy each other's company, and to participate in the study and production of creative work. These aims are realized by field trips, films, exhibits, studio work, and social hours.

This year the Art Club sponsored four exhibits which were on display in the art department gallery and presented a variety of good contemporary work.

Studio work done by the students centered around ceramics and watercolor. Films and slides were shown in some of the meetings which covered the technicalities of water color.

A project to install fireplaces in Sleepy Hollow with the assistance of the student body has taken much of the time of the organization this year.

A picnic at the beginning and close of the year, coffee hours occasionally, and teas to officially open the exhibits give variety to our regular program.

The organization is sponsored by the faculty of the art department who take an active part in the activities of the group.

INDUSTRIAL ARTS

THE Industrial Arts Department of Michigan State Normal College was started in 1901 in Welch Hall, which was at that time the campus training school. The work was then called manual training and was provided for pupils of the training school and for observation by college students. The desire on the part of progressive educators to include this type of work in their school curricula created a demand for teachers so Michigan State Normal College became the first collegiate institution in Michigan to train such teachers. This work was started and carried on by Miss Alice Boardman who directed all of the activities until 1929.

As exhaustive studies of educational objectives were made it was advocated by leading educators that a greatly modified manual training, called Industrial Arts, should be a part of every school curriculum and should be available to all pupils as well as to adults. This work, including the use of many different kinds of materials, the performing of many manipulative processes, careful planning and putting the plans into effect, and the accompanying studies of materials, their sources, their values and their economic significance; was found to be of such educative value that demands for the work developed rapidly. This created a great demand for courses to meet all of the needs so the administrators of Michigan State Normal College met the challenge by appointing Geo. A. Willoughby as head of the Industrial Arts Department to develop and direct industrial arts activities for all college and training-school work. This development, started in 1929, has been continued until the department has reached the position it now holds as an important part of the college as a whole as well as the training schools.

 Woodruff.

INDUSTRIAL ARTS CLUB

THE Industrial Arts club began the school year with the election of the various officers. The first project of the club was the designing and construction of a float for the Homecoming Parade. The club members worked hard on the entry and the float was awarded First Prize in the club division. Several Club members also printed twenty-five hundred invitations to the All Campus Christmas Party.

One of the most interesting projects of the Club was the making of more than eighty-five toys for the needy children in the Ypsilanti area at Christmas time.

A "Fun Night" party was held after the beginning of the Spring semester. Thirty couples attended the party and an evening of square dancing, volley-ball and refreshments were enjoyed by all. During the year many interesting meetings were held. Mr. Robert Menees a Normal graduate, now teaching Industrial Arts at Northville, gave a very interesting talk about the problems a new teacher must face on their first teaching assignment. Several educational films were also viewed by the club members at the regular meetings.

PIERCE HALL

EXTENSION DEPARTMENT

Carl Hood; A.M.
Director of Extension.

THE extension services of the Michigan State Normal College began in 1912 although it was not until the 1921-22 school year that the Department of Extension Education, as it is now known, was formally organized. The Director of the Department from 1921 until 1943 was H. Z. Wilber who still is active on this campus as Secretary of the Alumni Association.

A comparison of recent statistics of extension and correspondence study with those of 1920-21 reveals the growth that the Extension Department has known through the years. In 1920-21 the total number of extension and correspondence students was 472. In the year ending March 15, 1948, it was 2,037. Through extension services, Michigan State Normal College serves nearly as many persons off-campus as are enrolled on the campus. The department offers

53 different extension classes in 25 different towns and cities in Southeastern Michigan. These classes are offered by regular members of the instructional staff as are the correspondence courses. There are now nearly one hundred of the latter available to those who find it necessary or desirable to continue their college work by mail.

During the current school year, the department has added to its facilities by establishing the office of Field Services in the Arts Building. The most modern mailing and duplicating equipment has been installed. In addition to facilitating extension services, the equipment is used to establish alumni records and to provide many types of duplicating services for the college.

Professor Carl Hood and Assistant Professor Donald M. Currie direct the activities of the Department of Extension Education.

EDUCATION DEPARTMENT

IN THE early days of the College the emphasis was upon a college for the education of teachers rather than a department of education, and the entire faculty cooperated in offering the professional work. The training work was devoted to review courses and special methods in the various elementary school subjects and practice teaching in the model school to develop teaching ability and skill, and to apply the principles to the Science and Art of Teaching.

The Department of Education became the official title in 1916. At that time twenty-seven courses were offered: ten in Psychology, three in History of Education, five in Pedagogy and Administration, and nine in Philosophy of Education. Later developments limited the work in the History of Philosophy of Education and increased those in the more practical courses of applied psychology, child and adolescent development, measurement and evaluation, organization and administration of schools, and principles of teaching and supervision including curriculum work and special methods of teaching various subjects.

In the late 1920's and the 1930's the Rural Education and Special Education division of the Education Department developed into separate departments as such. The Department of Education has since 1938 offered the graduate degree of Master of Arts in Education, and today offers many courses of professional training.

ENGLISH DEPARTMENT

DURING the first twenty-five years of the existence of this Normal School the privilege of teaching the three English courses—grammar, literature, and reading—was generously shared with instructors in other learned departments. Oral expression was stressed by courses in reading and elocution, and constant practice was provided in the literary and forensic societies. Professor Florus Barbour, a thorough-going scholar, changed all that when he became Head of the English Department in 1885. Within a decade he introduced our courses in Old English, Chaucer, Shakespeare, and Poetry, which were taught as Principles of Criticism. About 1900 he and Estelle Downing, His fiery assistant, revised the then ethereal course in Rhetoric into essentially the simplified forms under which it is now required of all freshmen. At that time the department had grown to four excellent teachers: Professor Barbour, Estelle Downing, Alma Blount, and Abigail Pearce. Further distinction was added to the English Department when we became pioneers among teachers colleges in giving a course in Children's Literature.

The Department has grown continually during the past hundred years. Dr. Gerald Sanders, the present head, came to us in 1928. His centennial staff of the English-Speech Department numbers twenty-five members who teach forty courses.

Row 2: Lucy Ann Mohler, Herbert Humbert, Marvin Baum, Ray Daniels, Don Streat, Don Bodley, Elizabeth McGregor.

PI KAPPA DELTA

THE campus chapter, Michigan Epsilon, of Pi Kappa Delta, number fifty-five, was installed on June 10, 1921. Its purpose is to "stimulate progress in, and to promote the interests of intercollegiate oratory, debate and public speaking by encouraging a spirit of intercollegiate fellowship, of brotherly cooperation and interest, and by conferring upon deserving candidates a badge of distinction, proficiency, and honor, varied and graduated according to merit." New members are chosen from a list of those who participate in intercollegiate debating oratory or extemporaneous speaking.

Mr. Norwood Eastman, sponsor of the local chapter, and the remaining student members planned programs for the year's activity. The annual initiation and dinner were held on May 7.

Vanzetti M. Hamilton, president, Gloria Walton, vice-president, Elizabeth McGregor, secretary, Donald Streat, treasurer, Ray Daniels, Herbert Humbert, Donald Bodley, Beverly Hauk, Marvin Baum, Lucy Ann Mohler, and Ann Crossman, elected for membership twelve students during the Spring term. New members initiated were Juanita Covington, Jean Ernst, John Kouzoujiiian, Robert Schaeffer, Robert MacDougall, Robert Tillen, Angelo Angelocci, Richard Heitzner, Phaniel J. Hamilton, Edward Anderson.

The national convention of Pi Kappa Delta was held in Peoria, Illinois this year with Bradley University as host.

Row 3: R. Highfield, T. Anderson, J. Green, E. Thompson, T. Klingman, J. Falvey, O. Pfaffmann.

GAVEL and ROSTRUM

IN 1947 students interested in receiving practice in all forms of speaking organized the Gavel and Rostrum Club with Dr. Sattler as sponsor.

This club meets weekly to give opportunities in speech to students who wish to gain proficiency in different types of speaking such as after dinner, impromptu, extemporaneous, interpretative reading, and debate and discussion. Other activities of the club include attending plays, giving a banquet, and having a spring picnic.

First Semester officers were Charles Newton, president; Robert McDougall, vice president; Beverly Hauk, secretary; Rudolph Ruppe, treasurer; Edward Thompson, program chairman.

Second semester officers were Robert McDougall, president; Jacqueline Jacobs, vice president; Beverly auk, secretary; Rudolph Rupper, treasurer; Robert Schaeffer and Ralph Sharp, program chairmen.

FOREIGN LANGUAGE DEPARTMENT

THE Modern Language Department was reorganized in 1903 with the coming of Dr. R. Clyde Ford who succeeded Professor August Lodeman as head of the department. Dr. Ford's writings contributed to the educational progress of his department. Chief among these writings are critical editions of German drama and other books in language study. They also include a biography of Dr. John D. Pierce written in collaboration with Dr. Charles O. Hoyt, and his series of stories for boys dealing with the early history of Michigan and Indiana.

Dr. Ford retired in 1940, when Dr. J. Henry Owens was appointed head of the department. At this time the Ancient Language Department was merged with the Modern Language Department. Dr. Benjamin L. D'Ooge, who served many years, was nationally known as a scholar and an educator. His series of Latin text books were widely used and were a great step forward in the teaching of Latin.

The objective of the language department is not only to train teachers of language but to afford training in linguistics for purposes of comparison and to contribute to a better understanding of foreign culture, which aids in promoting better international relations.

MATHEMATICS DEPARTMENT

OUR mathematics department which dates from the beginning of our Normal College has done much to keep our prospective teachers abreast of the times. During the days of the three "R's" our college offered courses in the teaching of Arithmetic, teaching of high school algebra, college algebra, plane and solid geometry, trigonometry, and a practical course in surveying.

Upon demand analytical geometry, theory of equations, differential equations, industrial mathematics, insurance statistics, mathematics of investments, or commerce, and descriptive geometry have been added. Threat of World War II revived spherical trigonometry. Advance calculus and statics have been added during the last two years.

A few noteworthy names were connected with the department during these years. Dr. David E. Smith, head of the department of the 1880's, left in 1898 to attain fame in teaching at Columbia University. Mr. C. P. Steimle taught four years to 1909 when he became registrar, the first of the college. John P. Everett left in 1914 to begin his many years at Western State. Webster H. Pearce left in 1918 to become State superintendent of Public Instruction, and later president of Northern State Teachers College at Marquette. Arthur G. Erickson left in 1920 to become superintendent of schools of Ypsilanti and Ecorse.

Row 1: M. Tufer, J. Kitts, R. Tooley, F. Boyer, R. Hotchkiss, J. McParland, J. Peacock, E. Gunther, M. Jones, E. O'Hare, E. Steinman, D. Yerkes, H. Digon.

Row 2: Mr. Falahee, R. Savage, F. Hendrick, Mr. Weaver, R. Dean, I. Harger, R. Mendenhall, B. Schmidt, J. Sifferman, Mr. Pate, Miss Brannon, B. Miller, Mr. Goings, J. Peacock.

Row 3: V. Higgins, M. O'Brien, R. Aratani, W. Henry, N. Collard, J. Tanner, J. Stapleton, E. Brehmer, W. Lindensmith, O. Mittelstaedt, R. Armour, D. Chamberlin, M. Davidson, A. Cornell, M. Cant, V. LaChapelle.

Row 4: G. Doughty, Leo Roach, M. Opel, H. Roberts, J. Mathews, M. Glover, B. Johnson, D. Woodruff, M. Suyama, P. Waara, F. Bidwell, E. Brandt, J. Beach, F. Kozumplik, A. Deising.

MATHEMATICS CLUB

THE Mathematics Club, first called the Euclidian Society, was founded in 1916. After a time it was discontinued until 1923, when Dr. Lindquist, Mathematics Department Head, Emeritus, founded the present Mathematics Club, which has been active since that time. Dr. Erikson became sponsor at the time of Dr. Lindquist's retirement. This year Dr. Erikson retired as sponsor, and Mr. Falahee and Mr. Goings were elected co-sponsors.

The club has had many interesting programs this year. Among these have been movies on the atomic bomb and various phases of mathematics; entertainment by campus talent; a speech by Miss Brannon, new in the department this year; and the Christmas Party and Spring Picnic.

As a project for the year, the Mathematics Club made "Keep Off the Grass" signs, earning a free page in the **Aurora**.

Neil K. Collard

BUSINESS EDUCATION DEPARTMENT

STUDENTS majoring and minoring in business came to Michigan State Normal College campus in September and found the department with a new name and a different location. The name, Commerce, was changed to Business Education which is in keeping with the trend in the teacher-training institutions throughout the United States. The name, "Business Education" indicates a broader scope of training for business teachers than the term "Commerce." The present program includes training in many phases of business rather than the narrow field which the term "Commerce" implies.

The dismantling of Old Pierce Hall and the general upheaval of many departments found the new location of the department on the first floor of Welch Hall. The business education staff offices and five classrooms occupy the east end of the first floor.

A considerable amount of new equipment has been acquired for the typewriting, accounting, and office rooms.

A chapter of PI OMEGA PI, a national honorary fraternity for Business Education majors, is being organized in the M.S.N.C. campus this year and expects to be installed in May. Dr. Julius Robinson, Head of the Business Department, is sponsoring the fraternity.

HOME ECONOMICS

Estelle Bauch; M.A.
Head of Home Economics Department.

Kelly, Clara; A.M.
Associate Professor.

Faculty without picture:
E. Underbrink

THE HOME ECONOMICS DEPARTMENT under the supervision of Miss Bauch, Miss Kelly, and Miss Underbrink, has had a very busy year. There was the all-day meeting of Future Homemakers of America (F.H.A.), Region VI, which brought to the campus some 250 high school girls who are interested in homemaking activities. The college department is hostess to this group.

The next activity was the annual Christmas dinner held on the Wednesday evening preceding the Christmas holiday. Each student who attended was asked to invite her mother or some other adult. The dinner was prepared and served by the students who were also hostesses for the occasion.

The final event of the year was the Alumnae luncheon which is held each spring. The luncheon was first held in 1935 with seven alumnae attending. In 1948 not only were there several times the original number of alumnae who returned but eight of them brought their daughters.

Several alumnae have accomplished worthwhile things since graduation from college. First of all, however, tribute should be paid to the large group who have become homemakers, utilizing their college training for establishing and maintaining fine family life in their respective communities. Individual alumnae who have attained success are: Claribel Adams, Head Dietician, Beyer Memorial Hospital; Bessie Brooks West who is with the Kansas State College; Dr. Ivol Spafford, who has had a profitable career in the home economics field in Ohio, Alabama, and Minnesota; Mary Faulkner, who is with the Public Schools in Baltimore; Gertrude Sinclair Capps, in Detroit elementary schools; Frances Dee Sanderson, at Wayne University; and Grace Rinard, with the Westinghouse Co.

OUTSTANDING STUDENT

Row 3: H. Grabis, M. H. Moliassa, S. Bodley, L. Filsinger, D. Yost, P. Conochie.

HOME ECONOMICS CLUB

THE Home Economics Club opened the year's events by gathering around the fireplace at Fritz Park in Ann Arbor for its annual get-acquainted picnic. For the next event on the calendar the Club journeyed out to Lincoln School to hear a lecture on children's toys.

In November, eleven new members were initiated into the club at an afternoon tea in Starkweather Hall. December found the Home Economic girls busy preparing for the big event of the semester which was the Christmas Dinner held December fifteenth.

During January and February the club collected clothes for needy families in France.

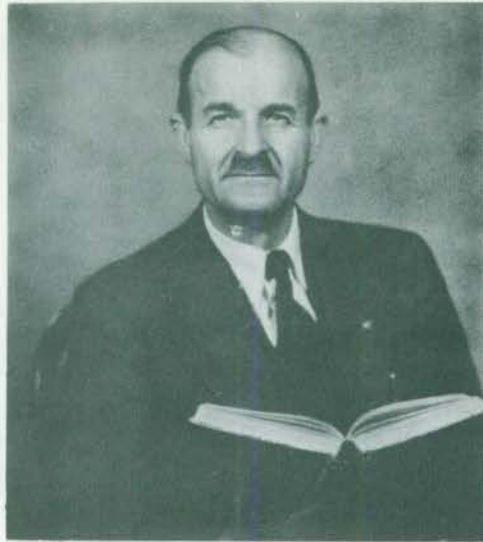

The girls put the finishing touch on their activities for the year with another picnic given as a farewell gesture to the seniors.

Jeanne Kenny served as president, Barbara Blazer as vice-president, Marilyn Cashmore as secretary, and Donna Kern as treasurer. Mildred Hibbard was the state treasurer.

HISTORY

WE OWE the growth of our History department to Julia Ann King who came to Michigan Normal in 1881. Until then only two courses had been listed—United States History and General History. Miss King had an M.A. degree. Due to her position on the faculty and a dynamic personality, History attained a high place in the curriculum of the college. She was evidently thoroughly trained in the field, for history courses began to multiply. Two new teachers were added to the department within the next ten years, one of whom was the daughter of Daniel Putnam, a prominent member of the faculty. Mary Putman introduced a course in political economy. Not until 1903 was Sociology, the epitome of all social sciences taught at the college. Special courses instead of general courses became the rule.

In 1924 when the Normal's enrollment leaped to 2675, an all time record, there were only six teachers in the department. In this, our centennial year 1949 with only 2350 students, the department boasts fourteen teachers, all having large classes. The social sciences have not only established themselves, but they have supplanted such original subjects as Latin and Greek.

GEOGRAPHY

THE geography department continues to grow. It had added a part-time instructor, the sixth member of the staff. During the year there have been 1,423 students enrolled in fifty-four campus classes and an additional 395 in off-campus classes. Again, as in the past, graduate courses in geography have been offered each semester. Summer school attendance has been heavy.

Last summer the department moved into new quarters in Welch Hall, where a special room is being readied for the extensive college map collection. This includes a large set of U.S. Army maps which are now being sent to the library.

The department, formed in 1900, was the first separate geography department in Michigan and one of the earliest in the United States. C. T. McFarlane, Mark Jefferson, and James Glasgow have served as heads during this time.

Illustrious students of the department include: Isiah Bowman, the former president of Johns Hopkins University; Harlan Barrows of the University of California, Ray Platt of the American Geographical Society, George Miller of the University of Indiana, and Charles Colby, a former student and geography teacher at the college, who delivered one of the principal Centennial Assembly addresses.

CHEMISTRY

CHEMISTRY was first offered by Silas Douglas from the University of Michigan as a series of lectures, explaining application to agriculture. Chemistry courses were offered us as a part of a Natural Science Program from 1857 to 1883.

In 1885, Edwin A. Strong with his capable and enthusiastic leadership, helped astronomy, physics, and chemistry to attain outstanding prominence rarely shared in other Teachers Colleges.

Professor B. W. Peet started in 1899 serving in the Chemistry department. He gave his best until 1941 when he retired. Perry S. Brundage was appointed as his successor in 1923.

In the last fifty years, hundreds of students have received training and inspiration; many students entered the teaching profession, others entered industry or research and many others have used the basic training for other professions.

Row 1: Sellers, Pett, Morrison, Highstreet, Peacock, Brundage, Kercheval, Cole.

Row 3: Merritt, Boyer, Cooch, Thompson, O'Hare, Kitts, Lovat, Gunther.

CHEMISTRY CLUB

THE Chemistry club was organized to unify the common interests of students, alumni, and faculty in the field of chemistry. Its membership is extended to all those in chemistry classes, or those who have an interest in chemistry. Among the activities of the club are the annual Christmas party, the Alumni and Anniversary Dinners, and beneficial program such as scientific movies, talks, and demonstrations. The club is sponsored by Dr. Brundage and Dr. Kercheval, who act as patron and advisor. The club officers are Jack Peacock, president, Betty Highstreet, vice-president, and Betty Morrison, secretary-treasurer.

The club has been functioning for 39 years under able leadership, and the alumni members have contributed to many beneficial scientific projects, such as atomic research, biochemistry research, and medical research. At the 1941 Anniversary Dinner, the B. W. Peet Scholarship Fund was originated in honor of Prof. Peet. Several awards from the income of this fund have since been made to outstanding upper classmen majoring in chemistry. Jack Peacock is the latest recipient. The club is interested in furthering chemical interests and attaining vocational information from the Alumni now in the field.

PHYSICS

Harry L. Smith; Ph.D.
Head of Physics Department.

Leib, Floyd I.; M.A.

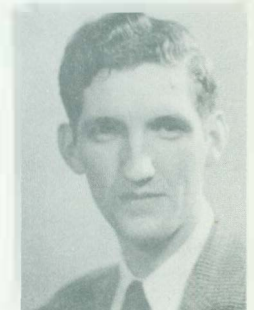

Faculty without pictures: D. Naymik, W. Voglesong.

CLASSES in physics (called natural philosophy) were taught in the Normal College from the beginning. In 1872 Astronomy was introduced and a small observatory erected ten years later at the rear of the main building about where the Libray now stands.

In 1883 the science work was divided into two Departments, Natural Science and Physical Science, the latter having Mr. Lewis McLouth as head. In 1885 Mr. McLough was succeeded by Professor E. A. Stong who did an outstanding job of directing the work of physics, chemistry, and astronomy until his retirement in 1916. At that time the Physical Science Department was divided into physics (including astronomy), with Professor R. R. Gorton as Head, and chemistry, with Professor B. W. Peet as Head.

Having joined the College teaching staff in 1892, Professor Gorton had served the college for forty-nine years at his retirement in June, 1941. Under his capable direction many new courses were introduced and the work of the department expanded. One notable event was the purchase of the 10-inch Mellish refracting telescope in 1936. Professor Gorton was succeeded by Professor Harry L. Smith who had begun his teaching in the College in 1920.

NATURAL SCIENCE

DURING the early years of the college all of the basic science courses were offered, including botany and physiology, but not until 1868 was a so-called Natural Science Department organized. Even then, the physical sciences were included with the biological sciences. Zoology had not been offered at first, but was added in 1871. At that time the training school introduced botany, zoology and physiology in the first grade.

In 1881 the first science curriculum was established, and it was at this period also that we find first mention of the separation of the physical and natural sciences.

Beginning about 1890 the courses of zoology, botany and physiology were subdivided into their various branches. It was then also, that laboratory work was first mentioned as an important phase of instruction. By 1895 thirteen full courses were offered by the department.

The present Science Building was erected in 1902 and this allowed both increased laboratory work and new courses, among them bacteriology. Agriculture followed in 1908 and by 1920 was considered important enough to be designed as a sub-department.

Beginning around 1930 more and more students came to our college to get their pre-professional training to enter fields of medicine, dentistry, nursing, veterinary, forestry, agriculture, etc. To meet this situation specialized advanced courses were set up to meet their requirements.

Row 1: B. Merritt, E. Trainor, R. Giles, R. Belcher, C. Loesell, J. Hickman, H. Wallace, M. Best, M. Curtis, W. Wert.
Row 2: M. Stamford, G. Knack, C. Meyer, M. Vukovich, M. L. Smith, B. Del Din, B. Ayearst, M. Martin, B. Baumann, W. Griffiths.
Row 3: R. Armour, E. Steele, L. Babbitt, E. Key, W. Kaiser, W. Moone, J. Dodd, L. Fox, F. Sinclair, F. Pachik.

NATURAL SCIENCE CLUB

THE Natural Science Club presented interesting programs this year. Among some of the things that contributed to this fact were the following: a picnic in Sleepy Hollow; slides of nature and lecture by Mr. Giles; a Conservation meeting at which films were shown; a speech by Mrs. Baxter on the German Youth Activity; the Christmas Tea; one meeting was taken over by Dr. Hickman's bio-technique class and a lecture on photography as a hobby was given by Mr. Heimnick; and Arthur Sinclair presented a chalk talk on "Paul Bunyan, Pioneer of Conservation." The club is looking to a year of activity and interest in '49-'50.

PHYSICAL EDUCATION

GYMNASTICS in the College basement was the beginning of physical education at Michigan State Normal College in 1888. Mr. Bowen became the first head of the department in 1894.

The first gymnasium built in Michigan was the one built in Ypsilanti in 1893. It served both the men and the women until 1913 when an addition was built on the west.

We find major courses in specialized fields of physical education were offered in 1903. These were the first courses of their kind to be established in the west. The courses prepare students in the field of physical education and health education and health education, for work as teachers and supervisors in the schools, as athletic directors and coaches in schools and colleges, as teachers and supervisors of recreation and as camp and scout leaders. In addition to preparation in the major field of physical education, the college aims to give the student a professional and cultural background that will enable him to play his part in the general educational program of any of the fields of activity above mentioned.

The department encourages participation in major sports and other recreational activity for social broadening and better knowledge of athletics in general.

Row 1: B. L. Myers, L. Clements, H. Donnelly, D. Nicholson, M. Knoop, D. Banks, J. Kelly, I. Donnelly, N. Overturf, M. Baker, J. Kinginger.
Row 2: J. Eartlett, J. Eberts, C. Greengard, J. Bradner, G. Walton, L. Murphy, M. Todd, J. Brint, R. Boughner, D. Copony, A. Harris, H. Stewart, D. Robbins, P. Bond, B. Newson, T. Maples, D. Robertson.
Row 3: M. Schelawske, J. Smith, G. Moore, M. Yarmain, J. Loewer, M. D. Gray, R. Spencer, D. Lloyd, J. Stephens, D. Boyle, R. Nagy, J. Klopfenstine.

PHYSICAL EDUCATION CLUB

WHEN a group of about sixty people gathered in a classroom of a Normal building one November evening of 1914 they little knew of the good times and great future that were in store for the Physical Education Club of Michigan State Normal College. It was at this time that the Physical Education Club was begun. There is some mention of an organized club as far back as 1912 but there are no written records to prove this.

The purpose of this first Physical Education Club was to further the interest in physical training and to create a clean fraternal spirit among its members. Its activities were purely instructional, or purely social and afforded the student a chance to acquire a broader knowledge of the field of physical education. A social evening might have been one of games, dancing, singing, illustrated talks, or even an occasional feast. Also mentioned was a smaller circle within the club, the Physical Education Society of Ypsilanti. This was a branch of the national society but no records exist beyond 1915 to show what happened to this group.

This club initiated many new activities. It was the first to outfit college cheer leaders. It bought skis and toboggans for winter social activities and bought equipment for outdoor cooking.

Row 1: J. Bell, L. Pacioni, B. White, D. Eby, A. Berg.

Row 2: D. Wipzkowski, D. Bohlinger, L. Turner, D. Alderson, R. Heininger, A. Pingel, F. Cosgro, J. Moliassa, B. Hemes, G. Thompson, R. Bloomer.

Row 3: J. Wichterman, H. Jackson, A. Adams, E. Schulz, R. Johnson, W. Honert, G. Mantarian, M. Hershey, T. Dyer, J. White, D. Spencer, D. Sween, N. Ignasiak, E. Kaminaki, E. Steele, D. Duff.

Row 4: T. Bott, D. Hiltz, J. Brodie, B. Parks, D. Smith, R. Dart, D. Cossey, L. Keller, D. Sawicki, J. Wargo, H. McNally, R. Brunet.

The first club put on the original variety show in Pease Auditorium, which later became campus wide and was presented as the College Comedy. In order to foster a professional interest among the students the club sent delegates to the state, midwest, and national conventions. This policy is still continued and is of much benefit to the group as the representatives report their findings back to the club.

In 1921 and every two to four years since, the club has put on an all college circus. This is where all the students of the physical education and members of other departments combine their talents to present a circus which is open to the public. It gives the students an opportunity to gain practical experience in all types of work concerned with their department—costuming, publicity, make-up, dancing, gymnastics, and other relative functions.

The "Javelin" was the publication of the club and it kept the members and alumni well informed on passing events. This publication was one of the war casualties which soon will be reinstated.

At this time the Physical Education Club is considered the largest professional club on campus with 140 members. It is only through the cooperation and fine spirit of all that this club has been built to the huge beneficial success that it is, and only through the untiring efforts of each succeeding class that the fine traditions of the club can be upheld.

SENIORS

THE Senior Class this year was the most important graduating class of the century—The Centennial Class. Its officers for the year were Donald Streat, president, Chester Borysewicz, vice-president, Jessie E. Drake, secretary, and Mervin Mack, treasurer.

Our lead in campus activities for the year began by our winning for the third consecutive year the first prize in the Homecoming Parade. Our next activity was the Christmas Sing which was better and bziger than ever this year with thirty-two groups participating.

The Senior Flag Walk and the revision of "Ivy Day" gave us a chance to say good-bye to all the college buildings and also to leave a living memorial of our class. The memory of our Senior Ball, our last social event of the year, will always linger with us as will our unforgettable Commencement.

The graduation of our Class of 1949 brings to a close the first century in the life of Michigan State Normal College. We leave with the sincere hope that the next one-hundred years will be as successful.

JUNIORS

WE JUNIORS started the year's activities by entering a float in the homecoming parade. Then we all went to the clas games and the football game to cheer for our team so they would be sure to win. Homecoming was such a big event that it makes us all feel like we're getting old when we think next year's will be our last. But then, don't think you can get rid of us because we'll all be coming back as alumni.

A great many of us attended the Harvest Hop and Yule Log Drag with the hopes of getting ideas for our J-Hop, but when the time came to work on our J-Hop, Barbara Warner and Bob Chisel led a committee that has surpassed all dance committees. Our theme was Show Boat Serenade and the music of Bob Strong's orchestra was marvelous. We made the largest profit that has ever been made on a J-Hop, and we used this to have a big Junior Class Picnic.

We donated \$150 to the Student Steering Committee and \$15 to the Art Club. The Steering Committee is working for Student Government, and the Art Club is working to put fireplaces in Sleepy Hollow. Quite a contrast—but both worthy projects.

Our class was under the capable leadership of Mike Scherer, president, Jack Weiss, vice-president, Carol Climer, secretary and Angelo Angelosi, treasurer.

Robert Dean
Treasurer

SOPHOMORES

WE SOPHS have had a great year, don't you agree? Let's see, when did it all start? With Mr. Fagerstrom as our class advisor, we were able to have our class elections on November fifth. Ray Lezak defeated all other aspirations for the office of president. Larry Soldan was elected as our vice-president; Bob Dean was to take care care of us financially; and Margaret LaFleur was to keep records of meetings.

Very soon after the results had been announced Ray led us in triumph over the Frosh in the Homecoming class games. What an interesting spectacle to see him on the greased pole—remember?—and in all that rain.

Our semi-formal dance, Springtime Serenade, was held on March eighteenth. Bill Wilcox and Dotty Fry, co-chairmen, did a grand job and were helped by many committee chairmen and classmates. Remember the fun we had dancing to the music of a fellow classmate, Bob Houk?

Finally—remember that picnic in the Hollow and all the hot dogs and cokes we consumed? It sure was fun to have a get-together like this and enjoy the afternoon with other members of the class.

Now that we have successfully completed our Soph year, we are eagerly awaiting September and our Junior year for more good times together.

FRESHMEN

THE Freshman Class opened the fall semester with a class mixer held in September, and attended by approximately 300 new students. Following tradition, all Freshmen were recognized on campus by their green pots and ribbons, worn until Homecoming.

At Homecoming, the Frosh entered their float, the jeep of Glenn Thompson, in the annual parade, and placed second in class floats. The float bore the theme, "The Chips are in the can" symbolized by a gigantic New Era Potato Chip can, and the slogan was "99 Years has Brought a New Era." As usual, the Freshmen were defeated by Sophs in the Class Games.

Freshmen women attended a series of seven orientation meetings which proved helpful and acquainted them with campus customs.

At the beginning of the second semester, the Frosh sponsored another mixer at McKenny Hall, with Bailey Smith as chairman. Dick Peter's band played for dancing. New freshmen were the honored guests.

Class leaders, appointed by a committee of upperclass leaders and faculty, were Elaine Sanders and Milo Danzeisen. Dr. James H. Glasgow took the helm of class adviser.

ATHLETICS

Row 1: Smith, Martin, Dancsok, Errante, Wichterman, Thomas, VanWagner, Harju, Coon, Goodson, O'Hara, Brodie.
 Row 2: Soldan, Shahady, DeLuca, Schultz, Giordana, Mial, Captain Ebersole, Lister, Wojcicki, Baum, Raymond, Moffett, Shannon, See
 Row 3: Coach Rynearson, Manager Thompson, Larsen, Marsh, Mora, Bloomer, Simpson, Weiss, Van-Riper, Bott, Alderson, Anstess, Newton, Fedraw, Felt, and President Elliott.

FOOTBALL

THE gridiron wars began on September 24 for the Huron eleven as they faced the Dutchmen of Hope College at Holland, Michigan. With the aid of darkness the Dutchmen defeated the hard fighting Indians by a 13 to 0 score. In their second encounter the tribe was completely annihilated by the Redbirds of Illinois Normal as they bombarded the Hurons 40 to 7. Heap Bad!

Big chief Rynie called a war council to plan the strategy for the first defense of the home field. The morale of the fighters was enhanced by the support of the whole tribe of some two thousand members. With renewed hopes of victory, the Huron eleven took to the field of battle. After several brief skirmishes the Huron offensive, spearheaded by Bott, Van Wagner, and Alderson scalped the Wildcats of Northern Michigan, 6-0.

With one feather won for their head-dress the tribe invaded Muncie, Indiana for their battle with the Cardinals of Ball State Teachers College. The most effective weapon used by the Hurons was an aerial attack staged by Martin and Smith with the aid of Captain Ebersole and Brodie. This, however, was not enough to bring victory to the tribe and it went down fighting 23-14.

Journeying to the distant land of Kentucky, the Hurons attacked the Eastern settlement of that state but were repulsed 20-0. Coming back to their home base of Ypsilanti to patch up the wounds, the Hurons came face to face with another foe that had come up from Northern Illinois. This engagement was not decided until the last few minutes of fighting, when Moffet, still not completely recovered from the last engagement with the "long-knives," failed to reach the objective that lay within inches which would have given the Hurons their second feather. The final tally was 10 scalps for the enemy and 7 scalps for the Home Forces.

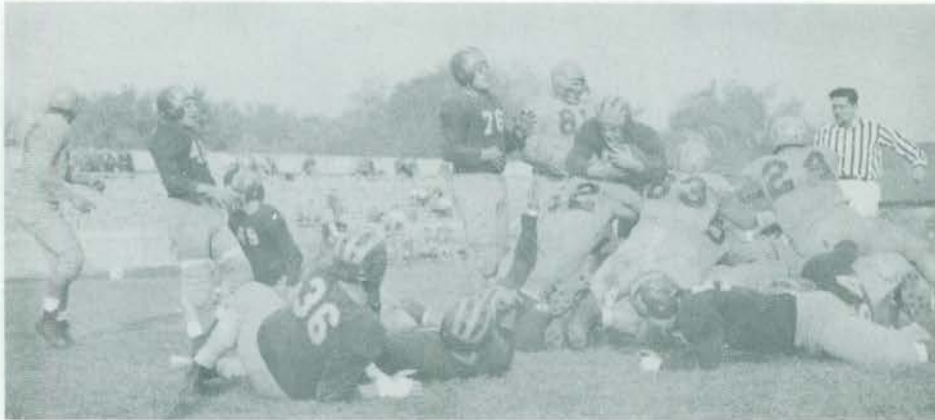

Culminating the festivities of a heap big pow-wow, the warriors of the Huron tribe displayed their prowess of primitive fighting by scalping the Chips of Central Michigan 6-0. The warriors that distinguished themselves in this engagement by courage above the call of duty were Don Goodson, Harry Mial, Jim Martin, and Joe Brodie.

The gridiron wars of 1948 were brought to a close with the last battle being waged against the Crusaders that had come up from Valparaiso, Indiana. In this last engagement the warriors combined their fighting talent and routed the foe 26-7.

Joe Brodie, freshman from River Rouge distinguished himself at the end position by scoring the winning and only touchdown in the homecoming game with Central Michigan.

Gerry Raymond, a hard blocking quarter back coming to the aid of his team mate in the Hope contest.

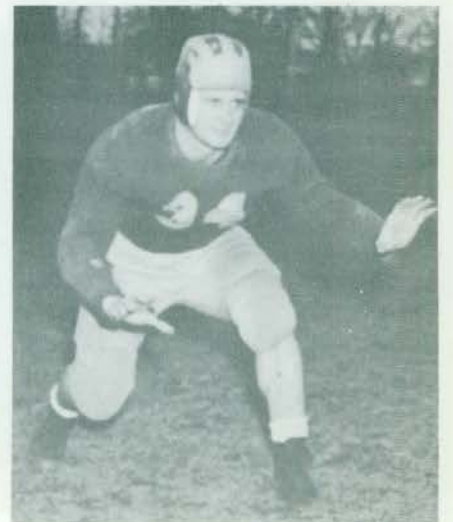

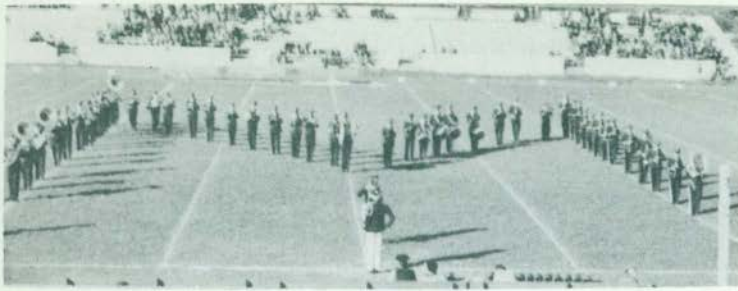

Bob Moffett falling short by inches of what would have been the winning touchdown in the Northern Illinois game. Other Normal players are Soldan and Alderson.

Harry Mial (40) rugged Huron back bringing down Illinois Normal ball-carrier.

Jack VanWagner was elected co-captain for the coming season. He was a mainstay in the forward wall.

M.S.N.C. marching band was very colorful with its many formations.

Cheerleaders:

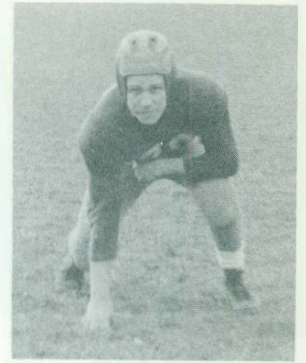

**Barbara Warner, Valerie Turner
Ray Lezak
Nancy Sutton**

Shannon, Capt. Ebersole, Martin, VanWagner, Van Wiper and Coach Rynearson going over diagrams of some new plays.

CROSS-COUNTRY

PLAGUED by illness and injuries the Huron harriers had the poorest season on record. The squad was originally composed of veteran runners bolstered by last year's two leading freshmen, Bob Dean and Bob Hahn. It was a strong team on paper, but as the first meet with Ohio Wesleyan and Oberlin presented itself, the squad fell apart with injuries as Captain Pete MacMillan dropped out in the early stages of the run with internal pains. Next to follow was Mike Duszynski with a turned ankle. The only bright spot in the meet was Al Pingel. He led the pack across the four and half mile grind in 22 minutes 17 seconds. Normal placed third.

Looking forward to their one hundredth dual victory in the course of twenty-three years of competition, the Huron harriers journeyed to Ball State in Muncie, Indiana. Al Pingel came in first as expected but there was not enough support from the rest of the squad and Normal went down to defeat 20-35.

The Normal harriers finally tasted the fruits of victory as they defeated Central Michigan 22-34 for their one-hundredth victory as against seven defeats in twenty-three years of dual competition.

In the last dual meet of the season against Miami, Normal lost by a close score of 25-31. Pingel, however, beat Miami's star runner Mike Stavole by a big margin. This was the first time that Al beat Stavole in a Cross-Country meet.

The remainder of the season was rounded out by placing entries in the Central Collegiate run at South Bend, Indiana.

Row 1: Mauti, Wargo, Turner, Sweet, Harper, Katz.

Row 2: Coach Crouch, Captain Teininger, Jackson, Keller, Jax, J. Brodie, Manager White.

BASKETBALL

AS A PREVIEW to the regular varsity season, the Huron cagers met and vanquished an alumni five 69-22. However, this was not to be the story for the remainder of the season, as the cagers went on to seven victories and twelve defeats.

MSNC vs. St. Mary of Orchard Lake:

Jow Wargo paced Normal to a 71-30 victory with thirteen points.

MSNC vs. U. of D.:

In the first encounter with the Titans the score was 53-37, with the Huron cagers at the short end. In the second game, which was played at the beginning of the Spring semester, Normal improved but not enough as they went down to defeat 54-46.

MSNC vs. Adrian:

In the first home game the cagers overcame Adrian by the lop-sided score of 73-50. Owen Jax, forward scored seventeen points for the Hurons. Normal won the second game 59-58.

MSNC vs. Hope:

Normal lost a heartbreaker to the Dutchmen 51-50. In the return game Hope won by a wider margin 65-59.

MSNC vs. Northern Illinois:

In one of their best performances of the season Normal lost a thriller to the Huskies of Northern Illinois, 61-59. Joe Wargo, Huron forward was high scorer with eighteen markers.

MSNC vs. Alma:

In a sloppy game played at Alma, the Hurons lost 54-43.

MSNC vs. Central Michigan:

In a one sided game the Huron cagers lost to Central 60-43. In the return game Normal made a better showing but lost 68-58.

MSNC vs. Defiance:

In a close game in which the lead alternated throughout the contest Normal ended on top by a 49-47 score. In the second encounter the Hurons won by a wide margin 67-54.

MSNC vs. Hillsdale:

The Normal squad downed the Bearcats 48-46 to gain a .500 average. In the second game of this series Normal lost 49-46.

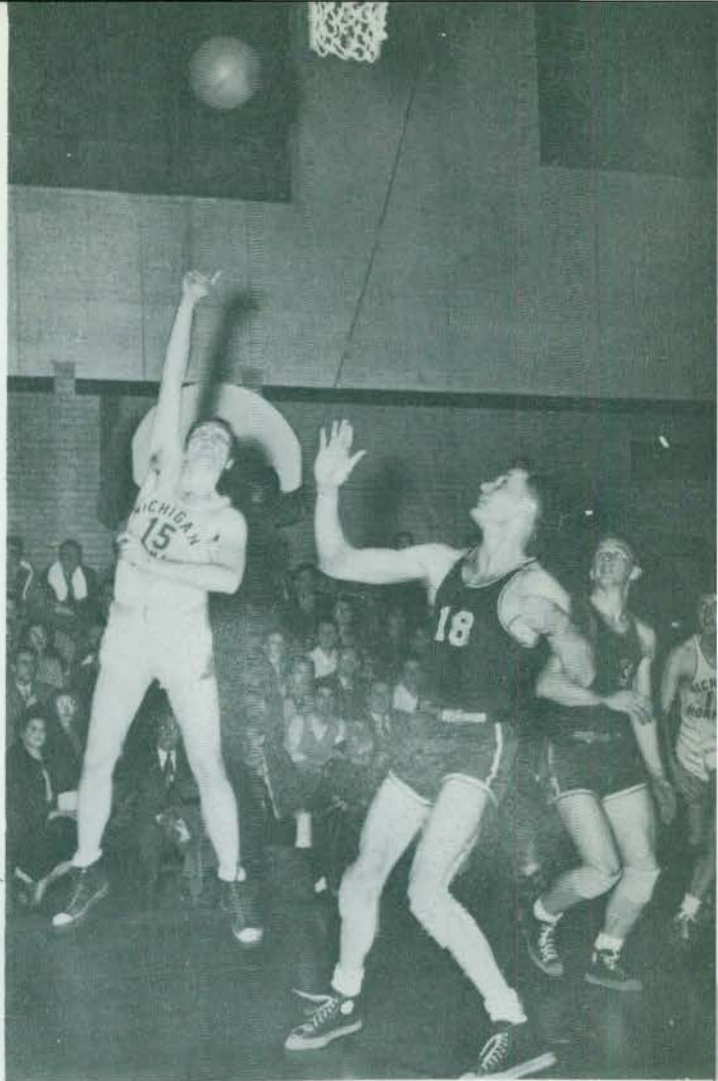

MSNC vs. Albion:

With the aid of Jackson's 22 points Normal edged out Albion 49-45. Albion won the return match 69-54.

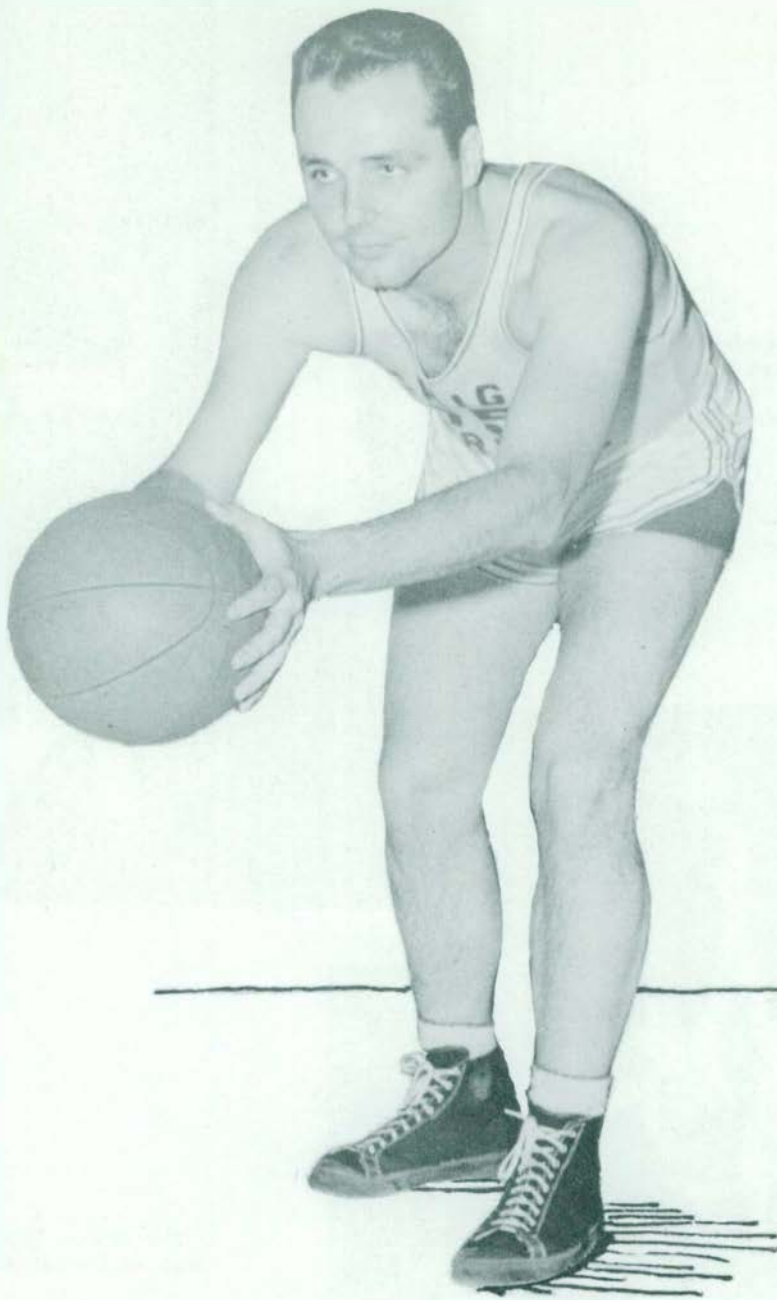

MSNC vs. Western Ontario:

Traveling to London, Canada the Hurons lost to the Mustangs 62-54. In the second game Normal lost by a slim two points, 52-50.

Fred Jackson chalking up his 299-300 point against Hope. He swished through a total of 17 points in this closing game of the season.

Jim Miller, Huron center going high in the air against U..of D.

Fred Jackson, a junior from Detroit set a new all-time season scoring record for MSNC as he accumulated 314 points in 19 games. He eclipsed the old record of 226 points held by Howard Messenger in 1946

**Row 1: Hugh Abelson, Gerald Bartos, Capt. Ellis Freatman, Dick Sunday.
Row 2: Jerry Gooding, Jim Miller, Lloyd Keller, Louis D. Harmon.**

TENNIS

DUE to wet weather the netters had to postpone the first two scheduled matches with Toledo and open up against a strong U. of D. squad. This revision of the schedule threw the Huron netters off form and they fell twice to the Titans. This bad start came to an end as the netters rolled on to six straight victories over Bowling Green, University of Toledo, and Lawrence Tech. Central Michigan stopped the Hurons in their first encounter but fell in the second match held at Mt. Pleasant, Michigan. The netters finished the season with a victory over Albion. The netters finished the season with a victory over Albion. The players responsible for the successful season were Captain Ellis Freatman, Dick Sunday, Jim Miller, Lloyd Keller, Gerald Bartos, Hugh Ableson, and Gerald Gooding, guided by Coach "Doc" McCulloch.

Row 1: Keyes, Donaghy, Spencer, S. Duszynski, Campbell, Capt. F. Naveaux, M. Duszynski, McMillan, Bibbs, Dean, Coach Marshall.
 Row 2: Bader, Beck, Weiss, Gilliam, Johnston, D. Harrower, Brodic, Smith, Miller.
 Row 3: Wichterman, Johnson, Fedraw, Ulmer, Gundrum, Pingel, Marx, Manager Lee.

TRACK

SIXTY-TWO years ago the first provision was made for inter-collegiate track competition at M.S.N.C., but it wasn't until 1890 that the school actually took part in a meet.

The early years were troubled by a diminishing manpower and lack of interest with the only achievement of note being a dual meet victory over the University of Michigan in 1901. The first coach of the Huron thinclads was Henry Morse.

It wasn't until 1922 that Normal began to experience the fruits of a victorious track team. Under the leadership of Doctor Olds the thinclad team of 1922-25 went through competition undefeated. It was in this period that the Huron track teams competed in the MIAA. In the early 30's the members of the MIAA asked the Hurons to withdraw from the league because of their overwhelming strength.

From the standpoint of individual greats, only a few can be mentioned here, for it would fill the heavens if all the individual stars were presented. Merrill Hershey, present assistant track coach and head trainer holds the school record for the quarter mile jointly with Rha Arnold at 48.5 seconds. He was also a member of the mile relay team that holds the record for that event at 3:20. The other members of this fast combination were Rha Arnold, Ken Simmons, and Eugene Beatty.

In the distances Normal claims Tom Quinn, William Zepp. Quinn is the holder of the mile record at 4:13.5. Zepp set the two mile standard at 9:14.4. Coming to the present team we find Campbell, Brodie, Pingel that will undoubtedly be placed as among the top performers ever to wear spikes at Normal.

It would be an injustice not to mention three early greats, Bernard Otto who ran the sprints: Fred Oliver, first national pole vault champion;

Abe Rosencrantz, who ran the half mile in the 1936 Olympics at 1:49.7. Gee! I just about forgot Charles Hlad otherwise known as "Whitey," and again to bring forward the name of Eugene Beatty, three time winner at the Penn Relays and holder of the 220 and 440 yards hurdle runs.

Add to this the up and coming Jack "Fonville" Weiss, who already has tossed the shot over fifty feet and you can readily see the power of Huron track teams through the years.

Since 1943 the thinclads under the guidance of Coach Marshall have won the Illinois Tech Relays that has brought the team the mythical title of the "Little Big School." To this achievement there can be added two Elmhurst Invitational crowns, two State titles, besides numerous other distinctions at the Cleveland, Purdue, and Drake Relays. The over-all dual meet record stands at 115 victories against 14 defeats. This is a record that everyone at Normal can well be proud.

Badar, Campbell, Gundrum, Brodie, Huron hurdle Relay team going over the high timbers

Captain Naveaux flying down the runway which resulted in a record 12'-8" vault against Wheaton.

Jack Weiss, a senior from Flint set a new MSNC record in the shot put as he tossed the 16 pound shot over fifty feet.

Row 1: Batten, Turner, Lezak, Richardson, Captain Wilder, Harper, Captain-elect Moffett, Cosgro, Leuker, Trainer Whit.
 Row 2: Manager Geddes, Bell, Martin, Heininger, McNally, Cossey, Bott, Wojcicki, Mantarian, Coach Crouch.

BASEBALL

EMPHASIZING sound conditioning, Coach Bill Crouch started practice with a nucleus of twelve men around which to build a strong nine. With such returning veterans as Captain Paul Wilder, Reinard Heininger, Bob Moffett and newcomers Doug Cossey, Ray Lezak, Normal looked forward to a successful season. The hurling staff consisting of Jim Bell, Jim Martin and Bob McSween gave the team great pitching strength.

In its initial start Normal displayed batting power and fielding finesse by walloping Percy Jones 15-0. Encouraged by their fine performance they went on to win eight straight games. In a see-sawing slugfest Detroit was subdued 12-7 with the aid of several home runs. Hillsdale was swamped by an avalanche of extra-base hits to the tune of 16-7 and 9-5 scores. In a tight pitching duel Normal eeked out a 1-0 win over Alma in their first encounter, but smothered them 10-3 in a return engagement. Bowling Green was defeated 4-1 and Albion 14-7.

With its undefeated string at stake, Normal journeyed to Lansing to oppose Michigan State College, their most outstanding rival of the season. Even though they played brilliantly the Hurons came out on the short end of a 3-1 score, thus having their string broken. The outcome of the game was in doubt until the late stages of the contest when State managed to score two runs and win.

Recovering from this defeat the Normal nine went on to win seven out of the final nine games. Central Michigan was defeated twice by an identical score of 9-3. Toledo was beaten 10-8 in the first game after the lead had changed several times but in the second Normal easily won 8-2. Albion and Bowling Green were vanquished again 16-6 and 6-1 respectively.

In a return game Detroit became the first and only team to blank the hurons. Although they had several opportunities to score Normal lost 3-0. L.I.T. kept the Hurons from sweeping both games by defeating them 5-1 after having been beaten 8-2 previously.

This squad could well be proud of their record of 15 wins and 3 losses. With this record they became the best Normal baseball squad in 18 years. Leading the squad in batting was burly Doug Cossey with an average of .396, close behind him were Bob Moffett .381, Paul Wilder .377 and Reinard Heininger .353. This quartet captured all the high honors.

As we are going to press, Normal is looking forward to even a better season as most of the members of last year's team are returning.

The batting order of the victorious baseball nine: Lezak, McNally, Moffett, Cossey, Capt. Wilder, Heininger, Harper, Mantarian.

Captain Paul Wilder sliding safely into third in the opening game with Percy Jones.

McNally scoring initial run against Percy Jones.

BOB MOFFETT

The honor of guiding this year's baseball fell on the shoulders of Robert Moffett, a senior from Ypsilanti. This is Moffett's third season with the Huron diamond squad. He earned his varsity letters from the third sack position. Last season Moffett was second to Cossey in the batting race with a respectable .384.

A prospective major league player, big Doug Cossey was the rookie of the year in college baseball. Swinging a heavy 38 inch bat from the right side of the plate, Cossey amassed an enviable .396 average to lead last season's hard hitting squad.

Earlier this Spring, Cossey got in some pre-season practice with the Brooklyn Dodgers in Florida. A bright future awaits the hard hitting catcher.

DOUG COSSEY

INTRAMURAL ATHLETICS

IINTRAMURAL athletics at Michigan State Normal has a long history of healthful recreational service rendered to the male student body by the Intramural department. It was organized by Professor Wilbur Bowen in 1911 under a system of class games that were held annually. With an increased enrollment and the establishment of several fraternities on campus, the facilities were enlarged to take care of the enlarged student body. In 1922 Doctor Olds was made director of the Intramural Department. He revised the system of competition with the fraternity teams engaging in a year around schedule of play.

For the first few years of play the Arm of Honor dominated the league by winning virtually every sport event. The following is a record of the championships won by the different fraternities up to 1948. Arm of Honor—13; Kappa Phi Alpha—8, Phi Delta Pi—2; Phi Sigma Epsilon—1.

At the time of this writing the overall records of the Dormitory league were not available. During the last few years of inter-league championship playoffs the Dormitory teams, however, have won most of them. The Dormitory league consists of teams from the four floors of Munson Hall, McKenney Hall, the off-campus units, and teams made up by the men that commute from the neighboring districts.

This year the Intramural staff consists of Doctor Olds, director; Harry McKitrick, senior manager; Ross Kressler, junior manager.

McKenny Hall dormitory league basketball champions.

Norm Tanbar, winner of the All-Campus Intramural golf championship, demonstrates his winning form.

Maurice Potts, All-Campus Intramural cross-country champ.

Stevens, Hochrein, Burt, Wilcox, Nichols, Honert, Felt, Navarre.

GOLF

LED by Captain Earl Burt, the linksmen came through one of the most successful seasons ever enjoyed by a Huron Golf squad. Held up by inclement weather during the early part of the schedule, the squad blazed their way to eleven victories while dropping only three matches.

The winning squad had three combinations: Earl Burt, Bob Nickels; Howard Slocum, Don Hochrein; Tom Stevens, Len Craft. This year's team will have Burt, Hochrein and Captain Nickels to form the nucleus from which another winning squad is more than likely to emerge.

IN 1925 the Women's Athletic Association was founded by Mrs. Doris Ewig Chamberlain, a teacher in the Women's Physical Education Department. Its purpose was to stimulate an interest in general athletics, dancing, health, and individual physical efficiency; to correlate the various campus organizations for women, thus creating a spirit of friendly rivalry and a high standard of sportsmanship. Participants had to maintain a "C" average, and a point system was used to determine who would receive the blankets, sweaters, chevrons, letters, and emblems which were given as awards. The program continued under the direction of Mrs. J. Chamberlain until 1929 when Miss Beatrice Marks took over. She was followed by Miss Ann Zaur who became advisor in 1930. Miss Zaur introduced the first "All-Campus Play Day." At this time the events of the association also included water polo, swimming, track and field, fieldball, basketball, volleyball, baseball, handball, tennis, quoits, shuffle board and deck tennis.

In 1932 Mrs. Edith Irish directed the group in its first water paegant "Old King Cole." Miss Gertrude Eppler acted as the group advisor from 1934 to 1939 followed by Miss Margaret Brewster who started a new award system. Awards of "Y" letters, honor roll listings, or selections for an all-star team were given. During 1941-1942 Miss Jeanette Evans introduced still a different award system whereby a student who had completed three seasons of sports activity and had maintained a "C" average was awarded a white chenille "M" letter on green felt. In 1945-1946 Miss Candace Roell acted as faculty advisor. During this year the "All-College Co-educational Sports Night" was introduced. Mrs. Catherine Batschelet Steen became the faculty advisor in 1946-1947 and is at present acting in this capacity.

In the fall of 1947-1948 the present constitution was put into effect. The name of the organization was changed to Women's Recreation Association and awards were discontinued except for the "M" pin which is given to outstanding junior and senior women and an "M" chenille letter is given each girl who serves as the Women's Recreation Association Board. Honorary teams for each sport are selected and the names placed on the W.R.A. bulletin board in the gymnasium. A girl must have a scholastic average of "C" or better to be placed on these teams.

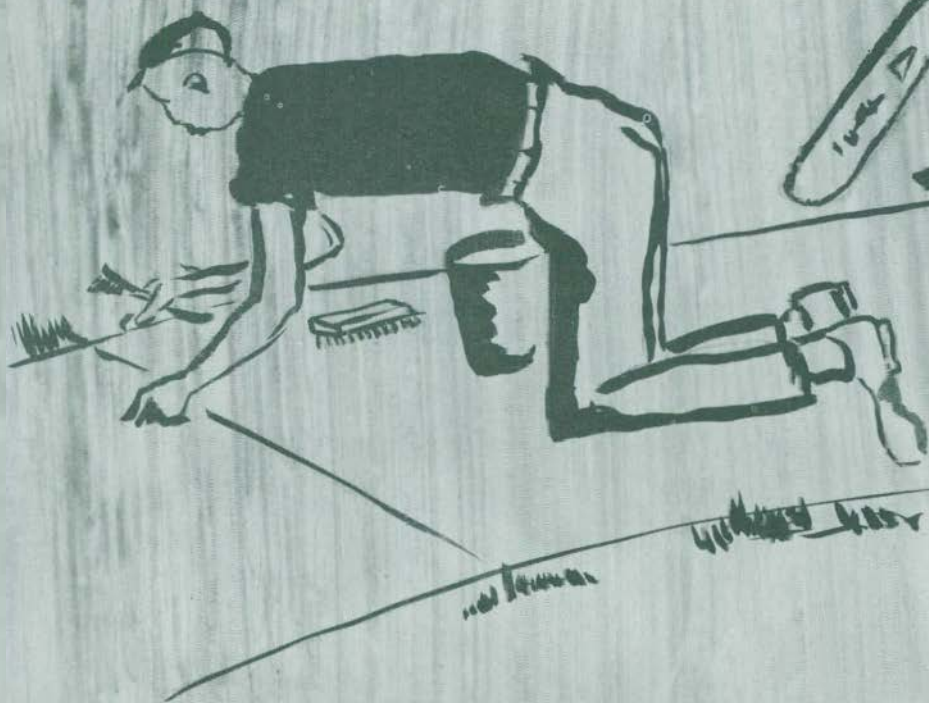

During the 1948-1949 school year two all-college sports nights were held. Hockey games were played with Albion College and the University of Michigan and a Play Day was held with Wayne University. Girls from off-campus, Goodison, Jones and King dormitories are represented in the W.R.A. activities.

The major activity of the year was the Michigan Federation of College Women convention which was held on this campus on March 19, 1949. The meetings were termed a success as 120 people attended, representing twelve colleges and universities in the state.

ALPHA GAMMA UPSILON

IOTA Chapter of Alpha Gamma Upsilon is the newest fraternity on campus. It was started in the Spring Semester of 1948, at which time twenty-one charter members were formally initiated.

On January 15, 1949, fifteen new members, the first pledges of the chapter were initiated into fraternal membership.

The chapter, which has for faculty advisor, Dr. John Virtue, is rapidly gaining popularity and is leaving its mark in college activities. It is taking a large part in the Centennial Celebration in May by sponsoring a beard contest.

The chapter is a member of the Inter-Fraternity League and Inter-Fraternity Council. It held a closed bid dance in October 1948, and plans are in process for the big dance to be held in April. It had a float in the Homecoming Parade and participated in the Annual All-College Christmas Sing. It collected food for needy families at Christmas.

The food was distributed through the Salvation Army.

Alpha Gamma Upsilon has the largest collegiate social fraternity membership in the State of Michigan.

ARM OF HONOR

IT WAS on January 5, 1895 that the Arm of Honor, the oldest fraternity on this campus, was founded. Probably the best and most complete description of the fraternity is included in the very first minutes taken by L. H. Lockwood in '95 . . . "this organization consists of young men who are the most congenial, jolly, good-natured, talented in both music and literary work, of much influence in school and state, . . . and the handsomest that the Normal affords."

Since this early time the Arm of Honor has taken athletics in stride as well as many other "non-curricular" activities. Prior to the last war the "Arm" had piled up more athletic championships than any other fraternity, testimony for which may be found in the gymnasium.

The original constitution states . . . "that there should be a closer and more intimate acquaintance among the royal good fellows" and that the "Hammerhead" society was created . . . "to promote good felowship and foster a spirit of life-long fellowship among its members." This the Arm has continued to do for fifty-five years. Its members believe above all else in the comradship, the betterment of our college, and the promotion of those high ideals given to us through the years.

In this one-hundredth year at Michigan State Normal College we congratulate those groups and individuals who have consistently been leaders for the good. We are proud and happy to have participated on this campus for over half a century. The Arm of Honor has led loyalty drives, clean-up drives, and has helped to raise money for the needy. In addition to their own annual banquet and dance, the "Hammerhead's" leaders have directed, sponsored, or cooperated in any and all events—even to serenading the women.

In the future the Arm of Honor intends to continue this long period of service to our campus life and proudly salutes all other groups which have contributed to the intellectual, economical, and social well-being of Michigan State Normal College.

KAPPA PHI ALPHA

THE Active Chapter met for the Fall Semester with thirty-one members participating. Brothers Jack Baker and Neil Cason were welcomed back to the campus after a short absence from the Active Chapter.

During the first semester the Kappa Phi's participated in the various campus activities. Of these, the Homecoming event was very successful due to the large return of Kappa Phi Alumni.

The Kappa Phi dance was also a great success under the competent direction of Brothers Jack Baker and Dave Coon. At that time nine new members were formally initiated into the fraternity.

PHI DELTA PI

THE Alpha Chapter of the Phi Delta Pi Fraternity has been on the Michigan State Normal Campus since 1892, and this year is proving to be one of its most fruitful. Thirteen men were formally initiated during the fall semester.

An Open Bid dance was held on November the twentieth in the Fred Green Ballroom of McKenny Hall. Over two hundred people attended the annual Washingtonian dinner-dance, February the nineteenth, an event to which every Phi Delt, active and alumni, looked forward to each year. To round out the social calendar, several smaller parties were planned and fulfilled.

In the Inter-Fraternity League the Delts won the football and volleyball championship and are looking forward to winning more events.

At the Centennial celebration this year there is going to be a stag dinner of Alumni and Actives to further better relationship between the two factions. This is to be an important step in fulfilling our desire to obtain a house.

PHI SIGMA EPSILON

LAMBDA chapter of Phi Sigma Epsilon came into being with the merging of Chi Delta and Mu Sigma Chi fraternities in 1934. The Chi Delta fraternity, the older of the two, was established on the Normal campus in 1914. Some of its active members were Professor Paul Hubbell, and Professor Paul B. Samson, alumni of the present national chapter.

One of the many advantages enjoyed by the members of Lambda chapter is the privilege of obtaining home cooked meals at the boarding club, which is under the able direction of Miss Ambra Ehle. The boarding club has been operating now for some fifteen years.

The history of Lambda chapter is that of a growing fraternity both internally and externally. The present members have been among the most active students on the Normal campus. This can be readily seen by glancing at the list of organizations in the directory and noting the many offices held by Lambda members of Phi Sigma Epsilon.

Among the many social functions initiated by the active members was a regional conclave, enhancing the school spirit during the Homecoming festivities by the selling of mums and M.S.N.C. pennants, building the winning float, Hallowe'en house party, Valentine house party, and culminating the year with the annual Spring Dance.

Guiding the active members in their many activities were Professor William F. Wilcox and Professor Hilton Falahee.

SIGMA TAU GAMMA

IN THIS the year of the Centennial the Alpha Theta chapter of Sigma Tau Gamma finds its first anniversary celebration dwarfed by the age of the Michigan Normal College.

From the first official day as a new fraternity, March 20, 1948, the Sig Taus' have exhibited an enthusiastic approach toward all their fraternal activities. Organization of both the active and alumnae chapters into smooth functioning bodies has taken up much of the effort and ardour of the chapter, but the boys have found plenty of time and spirit to take part in social and athletic functions about campus.

Under the direction of past President Richard Savett the Alumnae chapter has taken form and is now an intricate part of the active chapters life. As homecoming there was a room provided for the entertainment of returning Alumnus and in February the Alumnae chapter held its first meeting and dance.

Almost immediately after the initiation of the new stock in Sigma Tau athletic took a jump. The bowling and table tennis crown were annexed, but even these conquests failed to place Neil Collard's squad far up the ladder at the season's end. Spirit has carried over and at present the frat is in third place with table tennis yet to be heard from.

During the latter part of December a ten man delegation was sent to the National Conclave held in Chicago. Vice President James Hvilstead headed the group. Under his direction the delegation took an active part in the meeting and several of Hvilsteads proposed amendments to the National Constitution are under consideration.

At the end of the fall semester two of the ablest members turned a willing ear to a recruiting officer words and accepted commissions in the Army. James Hvilstead is now at finance school in St. Louis while Richard Tamplin is at Ft. Benning, Ga.

To prove the versatility of the fraternity two musical groups were formed this year. The Tau four has organized a barber shop quartet and Ed Devine has set up the Pantamats, three men and a record.

This year the annual dance was called the White Rose Ball and was based upon a theme of knighthood. As in the past the dance was recognized as the finest put on by an organization.

The frat also painted the lanes for parking places on campus as one of the projects for the year.

ZETA CHI SIGMA

IN THE fall of 1928, Carl Brablec and Robert Chandler began to organize the Zeta Chi Sigma Fraternity. On December third of the same year, with the aims of the group set as a comprehensive plan embracing Scholarship, Music, and Athletics, the approval of President McKenny and Mr. James Brown was obtained and Zeta Chi Sigma became an active fraternity on campus. Doctor Reninger was elected patron and seven members and four pledges began their active fraternal life. The four pledges were men who did not have three dollars for membership.

A few brothers were left on campus in 1943, but the majority of them went to war. For a few years there were no active Zeta Chi men on the campus.

Jim Evans, Cliff Roberts, and twelve other men met at Doctor "Doc" Loesell's home and became the nucleus of the post-war Zeta Chi. This took place in December of 1945.

In February, 1948, a majority of the fraternity decided to merge with a national fraternity. The few that remained, who wished to carry on the traditions and customs of the Zeta Chi Sigma Fraternity were: Kowaleski, Roberts, and Garland. Two months after the break, these three men were joined by twelve more men. Four more men were pledged in on November ninth of 1948.

PANHELLENIC

PANHELLENIC was busy this year with two big rushing seasons. One rushing season was in October and the other was in March. Both began with the Panhellenic Education Hour to acquaint the rushees with the sororities on campus. In the fall season Panhellenic gave the rush tea in the ball room of McKenny Hall.

The activities of the Panhellenic Council included a visit to Toledo University in November to a Panhellenic Workshop where many helpful ideas were brought back for the formation of the new N.P.C. Constitution. The Panhellenic worked on a program with the Faculty Dames whereby girls from the sororities took care of the Faculty Dames' children while they held their monthly meeting. Panhellenic also sold tickets for the Christmas Party. The Highlight of the year was the annual Panhellenic Dance, January 15. This year it was informal. Girls from all the sororities participated in making this dance a success.

To put an appropriate ending to the year the Panhellenic Dessert was held in May. The three sorority girls with the highest scholarship were announced and awarded. The Panhellenic officers for the next year were introduced at this time.

ALPHA KAPPA ALPHA

THIS year Alpha Kappa Alpha observed its 41st Anniversary of its founding in the nation's capitol where it was born. The national convention passed upon a motion which had been pending for a year; namely that of reestablishing a chapter at Michigan State Normal College. As a result of the aforementioned action, Xi chapter, was established here on January 22 of this year. Xi chapter is the first Negro chapter of a sorority to be established here, though it is not the first Alpha Kappa Alpha chapter. The Alpha Mu chapter was inactivated in the early thirties. Alpha Kappa Alpha has 184 chapters throughout the nation.

Though still in its infancy, Xi has had an active and successful year. It has worked most faithfully on its community project, of folding rainy day bags, and making scrapbooks for the wards of Beyer Hospital.

On May 7, Xi hostesses an inter-chapter workshop, and entertained approximately 100 of her Sorors, and over 500 guests at their dance in the Union that evening.

Miss Jane McAllister is faculty sponsor.

ALPHA SIGMA TAU

A LPHA Sigma Tau was founded at the Michigan State Normal College, Ypsilanti, Michigan, November 4, 1899. In April, 1926 Alpha Sigma Tau was made a member of the Association of Education Sororities and in November 1947 was admitted to Associate membership in the National Panhellenic Conference when the A.E.S. disbanded.

The year's activities of the Alpha Chapter were filled with many social events such as sorority parties, picnics, theater parties, hayrides, birthday parties, Christmas party, teas, and the weekend at the college. Besides the many social functions, time was also found to help gather clothing for the Pine Mountain School in Kentucky.

Last fall, the Alpha Chapter was honored by a visit of the national president, Mrs. Staehle. Conferences were held during her visit followed by a tea in her honor and also pin pledging ceremony for the new pledges.

The big event which all Alpha Sigs are looking forward to attending is the National Conference in celebration of the sorority's fifteenth anniversary this summer at Detroit.

In June, many seniors will be saying goodbye but not goodbye for good, for someday—somewhere Alpha Sigs will meet again.

DELTA SIGMA EPSILON

A YEAR full of parties and fun was had by the Delta Sigs. When the fall semester started we had several gab sessions filling up on the summer's events. Besides working at summer camps and northern resorts, some of us went traveling. Iz Millar Garner and Jane Villro went to our conclave way down in Biloxi, Mississippi. At Homecoming we had fun working on our float. After the game, Miss Todd's home was the scene of a gay party given by our Ann Arbor-Ypsi Alumni chapter. It sure was good to see all the old grads once again. There were many other things too—our Christmas party, a surprise shower, and a musical at pledge Breakey's home, and finally our spring time fling.

In between all these things, we found time to have two swell rushing seasons. A total of fourteen fine girls came in to our sorority during these two seasons.

KAPPA MU DELTA

THE Kappa Mus began the school year activities with the Homecoming slogan: "De-feat for Central." In addition to participation in the traditional Christmas Sing, the Christmas season was celebrated by attending **The Messiah**.

Other activities of the year included a theatre party, a square dance, a Mothers' Day Breakfast, and a week-end party at the lake. As always, the big event of the year was the annual May Brunch given by the alumni chapter of Detroit at Hyler's Mural Room in the Fisher building.

PI KAPPA SIGMA

THIS year has been a very busy one for the Pi Kaps. Mrs. C. N. Gibson, Grand President of the sorority, visited the chapter and installed the new Ypsilanti Alumnae Chapter at the same time.

All the girls are looking forward to the National Convention which will be held in August at Grand Canyon, Arizona.

This year finds the Pi Kapps with a new faculty advisor, Miss Doris Richards of the special education department.

The activities of the year consisted of a hayride, informal parties, picnics, a Founders' Day Dinner, and ended with a weekend at Wamplers Lake.

SIGMA NU PHI

SIGMA Nu Phi had an active and successful year. We entered a float in the homecoming parade and had a tea to entertain the alumnae that were back for homecoming. At Christmas we adopted a family and made them happy with gifts, food and clothing.

On March 5 we held our Annual "Sweetheart Ball" in the Fred Green Ballroom of McKenny Hall. Many of the alumni came back.

Also included in the year's activities was a picnic for the parents of Sigma Nu members, two hayrides, a winter sports night, and a senior week end at Sugar Loaf Lake.

The annual Sweetheart Ball presented by Sigma Nu Phi sorority, took place on Saturday, March 5, 1949. The committees were under the capable direction of Alice Lovell, and they worked to make the dance a huge success.

Couples danced to the music of Del Elliot in the Fred Green Ballroom of Charles McKenny Hall which was beautifully decorated with picture silhouettes around a locket theme.

The active chapter of Sigma Nu Phi was happy to entertain their alumni, guests, and representatives from other sororities and fraternities on campus.

SIGMA SIGMA SIGMA

WITH the delicious aroma of bacon and eggs floating in the air, the Tri Sigs started off the year at a cookout breakfast. Following this, the year included the Tri Sorority Dance, the Panhellenic Dance, preparation of packages for our Care child, several food baskets for needy families in Ypsilanti at Christmas, our 51st Founder's Day Banquet, a Senior Party, which was given by the Alumnae Chapter, a Mother's Day Banquet, and a week-end party at Delores Brueggeman's cottage.

Everyone enjoyed their activities with Sigma Sigma Sigma and will hold fond memories for their sorority year of 1949.

THETA LAMBDA SIGMA

THE Thetas started their round of events this year with rushing teas, an informal "night-club" party and their formal autumn dinner. Homecoming found us receiving alums at our coffee hour and congratulations for our prize-winning "heavenly" float.

A Christmas party at Miss Norton's topped our calendar before vacation, and the Tri-sorority Dance plus the bridge party for February graduates kept us busy in January. Along with services to CARE and W.S.S.F., the Thetas held their annual Valentine date-party. March brought on rushing season again.

The yearly Mother's Day Luncheon and picnics were events we all enjoyed as spring weather returned to Ypsi. As the year of '49 concluded, we held a weekend party at East Tawas followed by the senior farewell breakfast.

DELTA SIGMA THETA

This year has been an exciting one for Beta Chapter of Delta Sigma Theta Sorority. It is the first chapter of Delta Sigma Theta to be established on M.S.N.C.

Delta Beta sponsored a recreation night at Parkridge Community Center to help some needy families in Ypsilanti. Donations of canned goods were accepted at the door, and food was donated to fill two baskets.

Founder's Day was observed in May and Delta sponsored several other social activities during the year.

KAPPA Delta Phi invites to membership persons who exhibit commendable personal qualities, worthy educational ideals, and sound scholarship. It endeavors to maintain a high degree of professional fellowship among its members and to quicken professional growth by honoring achievement in educational work.

Once again this year Pi chapter sponsored the annual Mock Interviews with school superintendents, the Honors Tea for the recognition of outstanding freshmen and sophomores of high scholarship, and the Alumni Breakfast.

THE AURORA this year has departed from the traditional layout, and we of the staff sincerely hope the effect is pleasing to everyone. We have worked hard to give you a book as nearly complete as possible for this our Centennial year. We were truly sorry that more space could not be devoted to Homecoming and other features, but feel that the addition of outstanding students and histories of the several departments were a valuable asset to the Centennial issue.

During the first semester the wheels were put in motion by Herb Humbert as editor and Ray Daniels as business manager. They were succeeded by Beverly Schmidt and Lucy Ann Mohlar. Work on the staff this year has been a series of deadlines, late hours, typing copy, mounting pictures, last minute revision of the book, and frantic phone calls to Chicago, Detroit, and Adrian. Eut we've also had fun at late snacks in the office, a trip to the printer's, and a party with the NORMAL NEWS staff. We're all proud to wear those new pins which were awarded, too. Looking back over all this we can smile now, for the book is in your hands. We hope you like it. We tried!!

Tom Milldebrandt—Sports Editor

During 1949-50 the sports department of The Normal College News worked in an effort to efficiently cover the Normal College sports scene from the students' viewpoint. In the student interest they supported several school spirited movements all of which, with the exception of its effort to activate the varsity club, were carried out successfully.

At the end of the Spring semester the department consisted of seven members under the direction of Thomas Milldebrandt, sports editor. Bob Parks covered the track and cross-country beats while Don Smith reported on the freshman teams in those two sports.

Milldebrandt covered football, basketball, and baseball with Phil Francis taking care of the freshman end in those three sports. The Intramural scene was covered first by Hugo Perri, who was advanced to business manager late in the first semester, and later by Jack Fitch.

Larry Dolot was number one feature writer for the department, presenting several major league predictions and summaries as well as producing a host of material concerning the lackadaisical monogram organization.

Al Fleming joined the staff in the second semester and reported on the happenings on the tennis and golf scene.

For the first time in Normal News history the reporters, during the Spring semester received traveling expenses for coverage of away athletic contests.

DURING the past year the Normal News carried the voice of the student body as it emerged from the workings of the Committee of the Whole for Student Government. It sponsored improvement movements on the campus. The News endorsed and publicized the worthy causes of WSSF in its campaign to aid our unfortunate fellow human beings. It rallied the student body and brought notice to the alumni during Homecoming and the colorful May Day Centennial celebration.

 SponsorsMiss E. O'Connor, Mr. D. Currie

THIS year, with new sponsors, new members, and new enthusiasm, the COLLEGIATE COUNTRY LIFE CLUB has been revived and is fast making a place for itself once again among the active groups on campus. The Club members are those students interested in rural life, and especially in rural school teaching.

This year's activities have included a wholesome mixture of both the social and the educational. Among the former were the Christmas Party, square dance, weiner roast, graduation banquet, and the singing and refreshments at all the monthly meetings. President Elliott's talk on the reorganization of rural school districts, Miss Wielandy's contribution on the spiritual side of teaching, the talk on special school projects, and the discussion on interviews were both beneficial and stimulating.

ASSOCIATION of CHILDHOOD EDUCATION

THE members of the Association of Childhood Education have been working very hard this semester. Their project was to make two bassinets with two dolls and complete wardrobes for each. Many pleasant hours were spent in making doll clothes. The finished project was presented to two little underprivileged girls as A.C.E.'s contribution to the children's Christmas.

Besides this project, the girls entertained ten boys and girls at their annual Christmas party which was held on December 15, 1948.

The girls wish to express their appreciation for the helpful assistance and guidance of Miss Hester, Miss Syverson, and Miss Skinner.

**Standing: Lola Stevenson, Publicity Chairman; Nancy Burrell, Social Chairman.

OFF-CAMPUS WOMEN'S ASSOCIATION

THE purposes of the Off-Campus Women's Association are to provide an opportunity for all women not living in college dormitories to participate fully in campus activities, and to foster a wide acquaintance among the women living off campus.

The Off-Campus Women's Association participated in the all-campus Christmas sing and the annual Christmas Party, and entered teams in the Women's Recreation Association sports program and various other campus activities throughout the year.

To assist the Off-Campus Women's Association in getting acquainted among themselves, the Association held a meeting nearly every two weeks, and gave several social affairs, including a pot-luck supper, a card party a picnic, and a splash party.

Row 1: B. Blazier, L. Smith, B. Scrivens, G. Creamer, B. Johnson, M. LaFleur, D. Laing, M. Beauchamp.

 Row 3: D. Householder, D. Harden, J. Sifferman, E. Tier, J. Chapin, J. Sutton, L. Green.

CHRISTIAN YOUTH FELLOWSHIP

THE Christian Youth Fellowship is the student organization of the Baptist, Congregational, and Presbyterian Churches. Its function is to provide meaningful worship experiences and wholesome recreation for its members and to aid them in developing their relationship to their church. This year, as a special project, CYF adopted a family to which it gave assistance at special times throughout the year.

The Sunday evening vespers during the past year centered around such topics as "Why I Believe" and "Meditations on the Cross." A Bible study group met weekly. The Friday evening social events featured holiday parties, roller skating, picnics, and a number of informal "open-house" nights. The entire program of CYF was climaxed by a week-end retreat in May.

This year the club was guided by Wilma Griffiths as president, Barbara Baumann as vice president, Katherine Huston, secretary, and Robert Court as treasurer.

Row 1: S. Kohlhagen, S. Lindeman, J. Bredernitz, Rev. H. C. Sipe, M. Werth, E. Kahler, W. Zimpfer.
Row 2: L. Ziegler, A. Deising, A. Tiffany, S. Tiffany, M. Curtis, L. Johnson, P. Ebeling.
Row 3: M. Danzeisen, W. Fritz, J. Cervenak, D. Gartner.

LUTHERAN STUDENT ASSOCIATION

THE purpose of the Lutheran Student Association is to keep students who are away from home interested in their church. It is a place which provides opportunity for religious leadership and a place to meet many people.

Our main events of the year included a banquet for all Lutheran students on campus, a Halloween party, a Christmas party at the home of our pastor and several picnics.

Our main project this year is to become better acquainted with other religious groups on campus. In our joint meetings, we have had the opportunity of meeting many fine people. We have also had many fine speakers through the year.

Row 1: R. Schaeffer, R. Klueter, F. Bidwell, J. Drake, C. Huber, R. Kendrick, R. Ziegler, R. Kendall, L. Wilkes.
 Row 2: E. Kozumplik, O. Shear, J. Snyder, B. Both, E. Drake, S. Wright, M. Pollard, E. Smith.
 Row 3: Mrs. W. Clyde Donald, B. Schrivens, J. Hodge, C. Gibson, M. Lau, C. Jacobs, R. Parker, A. Gibbs, J. Ford, D. Cain, M. Weiss, A. Phillips, E. McGregor, B. Hauk, L. Filsinger, Dr. W. Clyde Donald.
 Row 4: R. McDougall, D. Camp, D. Osgood, W. Helm, R. Lusie, W. Caverly, D. Dotson, R. Highfield.

THE WESLEY FOUNDATION

THE purpose of the Wesley Foundation, which was founded in 1926, is to provide Christian fellowship among college students, inspirational worship services, wholesome recreational activities, and opportunities to develop Christian leadership and responsibility.

The Foundation sent boxes of Sunday school supplies, devotional literature, and clothing to a Methodist Mission Home in the Philippines. These supplies are to be used among the orphan children and youth and in establishing the new mission Sunday schools as part of their reconstruction work.

Among the year's more important events were a Birthday Banquet, Fireside Discussions, and a week-end retreat in May. Members of our organization attended a student Conference in Lawrence, Kansas and Citizenship Seminars in Washington D.C. and Lake Success, New York.

Row 1: J. Dugan, P. Charron, W. Dolot, V. Orosz, W. Cieslak, J. Kenney, H. Grabis.

Row 2: G. Downing, B. Eurek, R. Aber, R. Houk, R. Lisowski, W. Tschirhart, C. Kowalczyk, E. Meade, J. Gilles, M. Beis, L. Hudge.

Row 3: J. Monaghan, B. Hughes, D. Hatlestad, W. Froberg, J. McParland, L. Schuch, B. Eurek, J. Nuernberger.

NEWMAN CLUB

THE Newman Club, representing all Catholic students at Michigan State Normal and Cleary Colleges has an active membership of near one hundred. It exists for the purpose of promoting Catholic culture and Catholic fellowship that shall foster the spiritual, intellectual, and social interests of its members.

Business meetings are held bi-monthly on the second and fourth Tuesdays of each month. Short, inspiring addresses are given by the Club's director, Father Horea, followed by discussion periods. These are followed by an informal social program, consisting of dancing, cards, checkers, movies, and refreshments.

The two major activities sponsored by the Club each year are a Christmas Party and Communion Party and Communion Breakfast, which features an invited speaker. This year an athletic program has been initiated in which the members of the club compete with other teams in such activities as basketball and table tennis. The Club boasts of a very fine basketball season.

Through such a varied social program, the Newman Club serves the religious and social needs of the student.

"HU-RON the Right Track

Lay Down Those CHIPS"

THE 1948 Homecoming was one that will be remembered always. It was the first time in the history of Michigan State Normal College that there has been a Homecoming Queen. The elected Queen, Miss Dorothy Fry reigned over that weekend. Her court consisted of Delia Dean, Sally Watts, and Barbara Webb.

The Homecoming festivities closed on Sunday night with a victory Rally held in honor of the Green and White Gridders who triumphed over Central Michigan by a score of 6-0.

Over 3,000 students, alumni and townspeople were on the campus for the big weekend.

Five floats won prize winning honors. Fraternities: Phi Sigma Epsilon, Sororities: Theta Lambda Sigma, Dormitory: Lydia Jones, Clubs: Industrial Arts Club, and Class division: Senior Class placed first.

Seated: Barbara Webb, Dorothy Fry, Delia Dean.
Standing Sally Watts.

LYDIA JONES DORMITORY

WE WELCOME to the campus the new Lydia I. Jones Dormitory. Housing 250 girls it has offered many interesting activities to its residents. The first officers to start them off on the right foot are President, Laura Everhart; Vice President, Unabelle Emm; Secretary, Jean Allison; and Treasurer, Jeanne Bradner. For its first appearance on the campus the dorm walked off with the Homecoming Float Prize. One project of the residents was to make cancer pads for victims in this area. The Social Committee has kept the girls busy with various types of events that were both novel and entertaining. Their "Pixie Week" was original and was a big step in getting everyone acquainted. Various phases of the activities of the dorm throughout the semesters are shown below.
